**SECTION 7.0 - PRIVATE LINE SERVICE\***

(T)

Effective April 27, 2007, BellSouth<sup>®</sup> Long Distance Private Line Service will no longer be available to new Customers. Existing Customers may maintain their existing Service arrangement until their BellSouth<sup>®</sup> Business Class Family of Services agreement or Customized Pricing Arrangement (collectively the "Agreement") expires. After April 27, 2007, moves (but not adds) or administrative changes will be permitted on the Service according to the Customer's existing Agreement, provided the change is not treated as a disconnect of existing service and a new order for service. Rates, terms, conditions and charges under existing Agreements will remain the same throughout the current term of the Customer's Agreement. At the end of the Customer's existing Agreement, the Customer may continue to maintain its existing Service on a monthly basis subject to the terms and conditions of this tariff or migrate to a comparable Service offered by another long distance affiliate of the Company. No moves (reconfiguration) to the existing Service arrangement will be permitted after the current Agreement expires. Renewals of expired Agreements will not be permitted. If Service is migrated to a Service offered by another long distance affiliate of the Company prior to expiration of the Customer's existing Agreement, Termination Liability Charges may apply as per Sections 7.4 and 9.2.1 this tariff unless otherwise specified.

(T)

(T)

**7.1 Service Description**

BellSouth<sup>®</sup> Long Distance Private Line service provides Customers with dedicated circuits connecting distant locations on the Company's network. Service is offered on a non-switched, dedicated basis. A given circuit is provided to a single Customer for the Customer's exclusive use twenty-four hours per day, seven days per week. Private Line service is offered between the Company Points of Presence (POPs) subject to the availability of services and facilities and available network capacity.

Local access channels and related facilities that may be required in conjunction with Private Line service are not included herein. Service descriptions, rates and charges for local access channels and related facilities offered by the Company may be found in Section 8 of this tariff. As an alternative to local channels provided by the Company, the Customer may provide its own local channels or obtain such channels from an alternative access vendor (i.e. "Customer Provided Access"). Such interconnection of Company provided services with Customer Provided Access facilities is described in Section 8.1 of this tariff.

**SECTION 7.0 - PRIVATE LINE SERVICE\*, (CONT'D.)**

**(T)**

**7.2 Service Assurance Guarantee, (Cont'd.)**

**7.2.2 Availability Objective**

The Company guarantees that DS-1, DS-3, or OC-n Private Line circuits will be available during each calendar month as follows: (1) a minimum of ninety-nine and ninety five hundredths percent (99.95%) of the minutes in a calendar month for BellSouth Long Distance POP to BellSouth Long Distance POP Circuit Availability; and (2) a minimum of ninety-nine and five tenths of a percent (99.50%) of the minutes in a calendar month for End to End Circuit Availability.

For purposes of the performance objective included in Section 7.2, the Company's trouble management system determines the number of minutes of Circuit Non-Availability. The Circuit Non-Availability shall be deemed to commence with the Company's receipt from the Customer of a notice of the Circuit Non-Availability and the Company's issuance of a trouble ticket. The Circuit Non-Availability shall conclude upon the restoration of the Service.

The Customer shall, subject to the terms, exclusions and restrictions described herein, be entitled to receive from the Company a credit if the availability (Circuit Availability) of a particular BellSouth Long Distance Private Line circuit to be provided to the Customer on the BellSouth Long Distance Interexchange Network (the Service) for any Calendar Month falls below the percentage shown in the applicable credit schedule included in this section. The Service shall for purposes of this section be deemed to be unavailable to the Customer only if the Service on a particular BellSouth Long Distance Private Line circuit (Affected Circuit) is subject to an interruption (other than as noted herein) that results in a Circuit Non-Availability.

In the event any Company provided DS-1, DS-3 or OC-n Private Line circuit is subject to a Circuit Non-Availability condition, the Customer shall be eligible to receive certain credits according to the following terms:

- (A) The Customer may receive credits for a particular Service pursuant to the performance objectives included in this section for a maximum of four (4) consecutive or a maximum of six (6) months in any twelve (12) month period.
- (B) In the event that the Calendar Monthly Circuit Availability for a particular affected circuit falls below ninety-nine and ninety five hundredths of a percent (99.95%) for BellSouth Long Distance POP to BellSouth Long Distance POP circuit availability; and/or below ninety-nine and five tenths of a percent (99.50%) for End to End circuit availability, the Customer shall be eligible to receive a credit for such month in accordance with the following schedules. This credit shall be applied to the Customer's Private Line circuit monthly recurring charge for such circuit (which includes a fixed and a per mile monthly recurring charge and excludes Dedicated Access local channel charges) for such month (following application of any discounts or credits that the Customer is eligible to receive). The credits described in this paragraph, if applicable, shall be the Customer's sole and exclusive remedy for any and all service interruptions affecting the Customer's Private Line circuits provided by the Company.

- (D) To be eligible for credits described in this section under this guarantee, the Customer must submit to the Company written documentation describing in reasonable detail the specific Private Line circuits affected by a service interruption, the location of the affected circuit, and specifically request the credits (Circuit Availability metric for BellSouth Long Distance POP to BellSouth Long Distance POP or End-to-End), for which the Customer believes are applicable under the service guarantee. The written notice must be sent to the Company within thirty (30) days of the conclusion of the service calendar month in which the requisite unavailability or service degradation occurs. In the event the Customer fails to comply with the written notice requirement within the thirty (30) day period described in the preceding sentence, the Customer shall, with respect to that remedy, have permanently waived the right to such remedy. (T)
- (E) The remedies included in this section are the Customer's sole and exclusive remedies and shall apply in lieu of any and all other service interruption guarantee or credit(s) or outage guarantee or credit(s) or performance credits for which the Customer may have otherwise been eligible.
- (F) This guarantee shall apply only to BellSouth Long Distance Private Line services as defined in this section (i.e., DS-1 and above speeds). DS-0 and Fractional DS-1 BellSouth Long Distance Private Line services are covered under Section 2.14 (Interruption of Service) of this tariff. (T)
- (G) A second credit cannot be requested for the same month and for the same circuit for End-to-End Circuit Availability if a Private Line service credit has been issued to the Customer for BellSouth Long Distance POP to BellSouth Long Distance POP Circuit Availability. (T)
- (H) A second credit cannot be requested for the same month and for the same circuit for BellSouth Long Distance POP to BellSouth Long Distance POP Circuit Availability if a Private Line service credit has been issued to the Customer for End-to-End Circuit Availability. (T)
- (I) Credits for the performance objective included in this document for the Service for any Calendar Month must exceed \$25.00 to be processed.

**SECTION 7.0 - PRIVATE LINE SERVICE\*, (CONT'D.)**

**(T)**

**7.3 Terms and Conditions of Service**

Private Line service is available under the Integrated Service Package Offerings in Section 9 of this tariff. Terms and conditions of the provision of Private Line service as part of an Integrated Service Package, including, without limitation, discounts, usage minimums, and term commitments are set forth in this tariff.

The Rates and Charges described in this section of the tariff are based on the commitment of the Customer to utilize the service for a specified minimum period of time. Therefore, notwithstanding anything in this tariff to the contrary, the Customer will be billed by and required to pay to the Company all rates, fees and charges which accrue for each Private Line circuit and for all associated Dedicated Access facilities during the entire Circuit Minimum Service Term (as defined below) applicable to each such Private Line Circuit.

The Circuit Minimum Service Term shall be a minimum in-service period beginning on the day the Company notifies the Customer that the facility or circuit is available for use and the Customer accepts delivery of such facility or circuit. A facility or circuit is considered accepted by the Customer if (i) the Customer fails to give written notice that the facility or circuit is in material non-compliance with the applicable standard network specifications within five (5) business days after notification to the Customer by the Company that the facility or circuit is available; or (ii) the Customer places live traffic over the facility or circuit after notification by the Company that facility or circuit is available.

Billing shall commence once a facility or circuit is considered "available and accepted" as described above, regardless of whether or not the Customer utilizes all or any part of such facility or circuit.

For Fractional DS-1 and DS-1 BellSouth® Long Distance Private Line service the Circuit Minimum Service Term is six (6) continuous months. For DS-3 Long Distance Private Line service, the Circuit Minimum Service Term is twelve (12) continuous months. For OC-n Long Distance Private Line service the Circuit Minimum Service Term is determined on an Individual Case Basis (ICB).

The company will bill and collect from the Customer all waived nonrecurring charges associated with a Private Line service promotion on a Private Line circuit or facility that has not met the Circuit Minimum Service Term upon termination of the Customer's agreement or upon disconnect of such Private Line circuit or facility.

**7.3 Terms and Conditions of Service**

Private Line service is available under the Integrated Service Package Offerings in Section 9 of this tariff. Terms and conditions of the provision of Private Line service as part of an Integrated Service Package, including, without limitation, discounts, usage minimums, and term commitments are set forth in this tariff.

(T)  
(T)

The Rates and Charges described in this section of the tariff are based on the commitment of the Customer to utilize the service for a specified minimum period of time. Therefore, notwithstanding anything in this tariff to the contrary, the Customer will be billed by and required to pay to the Company all rates, fees and charges which accrue for each Private Line circuit and for all associated Dedicated Access facilities during the entire Circuit Minimum Service Term (as defined below) applicable to each such Private Line Circuit.

(T)  
(T)

The Circuit Minimum Service Term shall be a minimum in-service period beginning on the day the Company notifies the Customer that the facility or circuit is available for use and the Customer accepts delivery of such facility or circuit. A facility or circuit is considered accepted by the Customer if (i) the Customer fails to give written notice that the facility or circuit is in material non-compliance with the applicable standard network specifications within five (5) business days after notification to the Customer by the Company that the facility or circuit is available; or (ii) the Customer places live traffic over the facility or circuit after notification by the Company that facility or circuit is available.

Billing shall commence once a facility or circuit is considered "available and accepted" as described above, regardless of whether or not the Customer utilizes all or any part of such facility or circuit.

For Fractional DS-1 and DS-1 BellSouth® Long Distance Private Line service the Circuit Minimum Service Term is six (6) continuous months. For DS-3 Long Distance Private Line service, the Circuit Minimum Service Term is twelve (12) continuous months. For OC-n Long Distance Private Line service the Circuit Minimum Service Term is determined on an Individual Case Basis (ICB).

The company will bill and collect from the Customer all waived nonrecurring charges associated with a Private Line service promotion on a Private Line circuit or facility that has not met the Circuit Minimum Service Term upon termination of the Customer's agreement or upon disconnect of such Private Line circuit or facility.

SECTION 7.0 - PRIVATE LINE SERVICE, (CONT'D.)

REC'D MAY 17 2002

7.3 Terms and Conditions of Service

Service Commission (N)

Private Line service is available under the Integrated Service Package Offerings in Section 9 of this Tariff. Terms and conditions of the provision of Private Line service as part of an Integrated Service Package, including, without limitation, discounts, usage minimums, and term commitments are set forth in this Tariff.

The Rates and Charges described in this Section of the Tariff are based on the commitment of the Customer to utilize the service for a specified minimum period of time. Therefore, notwithstanding anything in this Tariff to the contrary, the Customer will be billed by and required to pay to the Company all rates, fees and charges which accrue for each Private Line circuit and for all associated Dedicated Access facilities during the entire Circuit Minimum Service Term (as defined below) applicable to each such Private Line Circuit.

The Circuit Minimum Service Term shall be a minimum in-service period beginning on the day the Company notifies the Customer that the facility or circuit is available for use and the Customer accepts delivery of such facility or circuit. A facility or circuit is considered accepted by the Customer if (i) the Customer fails to give written notice that the facility or circuit is in material non-compliance with the applicable standard network specifications within five (5) business days after notification to the Customer by the Company that the facility or circuit is available; or (ii) the Customer places live traffic over the facility or circuit after notification by the Company that facility or circuit is available.

Billing shall commence once a facility or circuit is considered "available and accepted" as described above, regardless of whether or not the Customer utilizes all or any part of such facility or circuit.

For Fractional DS-1 and DS-1 BellSouth® Long Distance Private Line service the Circuit Minimum Service Term is six (6) continuous months. For DS-3 Long Distance Private Line service, the Circuit Minimum Service Term is twelve (12) continuous months. For OC-n Long Distance Private Line service the Circuit Minimum Service Term is determined on an Individual Case Basis (ICB).

The company will bill and collect from the Customer all waived nonrecurring charges associated with a Private Line service promotion on a Private Line circuit or facility that has not met the Circuit Minimum Service Term upon termination of the Customer's agreement or upon disconnect of such Private Line circuit or facility.

BellSouth® Long Distance Private Line service is available under the Integrated Service Packages offerings in Section 9 of this tariff. Terms and Conditions for the provision of Private Line service as part of an Integrated Service Package, including without limitation, discounts, usage minimums, and term commitments, are set forth in Section 9 of this tariff.

The rates and charges described in this section are the base rates and charges prior to any volume and term discounts given to the Customer. Customers who subscribe to Integrated Service Packages in this tariff may obtain discounts from these base rates and charges.

The nonrecurring charges for each Private Line channel apply for the installation of new circuits, changes in speed of existing circuits or temporary disconnects of a circuit for Customer reasons. For changes in Private Line service speeds, the nonrecurring charge associated with the current (old) channel speed shall apply. The nonrecurring charges associated with a change of speed or temporary disconnect will not apply to DS-0, Fractional DS-1 and DS-1 channels in service for at least six (6) continuous months or to DS-3 and above speed channels in service for at least twelve (12) continuous months.

Additionally, rates set forth herein do not include Dedicated Access channels and access-related charges (including, without limitation, installation charges, inside wiring charges assessed by the Local Exchange Carrier (LEC), construction charges assessed by the LEC and distance and termination charges assessed by the LEC). Therefore, Dedicated Access channels and access related charges are additional charges. Rates and charges for Dedicated Access channels provided by the Company are found in Section 8 of this tariff.

OC-n rates and charges will be calculated on an Individual Case Basis (ICB).

7.4 Rates and Charges, (Cont'd.)

7.4.3 Private Line Move Charges

The following nonrecurring charges apply when the Customer requests a location change in the Point of Interconnection with the Company's Dedicated Access service associated with Customer's Private Line Service.

(T)

The nonrecurring charges herein apply to Dedicated Access channels used in conjunction with BellSouth® Long Distance Private Line Service.

A Customer request to Change/Move the location or address of one end of a Private Line service will be treated as either: A) Move Order or B) Disconnect and New Order depending on whether the change in location results in a change in Serving Wire Center.

(A) **Move Order:** If the Customer request to Change/Move one end of the Private Line does not result in a change to the corresponding Serving Wire Center, the change will be treated as a Move Order, and no additional move charges shall be payable other than those provided for a Move within the Same Building for the Dedicated Access Loop pursuant to Section 8.5.6 (A) of this tariff.

(B) **Disconnect and New Order:** If the Customer request to Change/Move one end of the Circuit results in a change to the corresponding Serving Wire Center, the change will not be considered to be a Move and will be treated as a disconnect and new order for service. Any applicable early termination, disconnection or nonrecurring charges, including a new Circuit Minimum Service Term, may apply pursuant to this tariff.

(T)

**8.1 Service Description, (Cont'd.)**

As an alternative, the Customer may provide its own Dedicated Access service from another access vendor, ("Customer Provided Access"). Customer Provided Access allows the Customer to provide its own local access (local channel) via a local exchange carrier (LEC) or other vendor provided the vendor has entrance facilities into the BellSouth Long Distance Network Access Point of Presence ("NAP"). BellSouth Long Distance is responsible for all network components with the exception of the Customer provided local channel.

If the Customer chooses to provide its own access facility in conjunction with BellSouth Long Distance services, the Customer has the sole responsibility to acquire, coordinate the delivery, and maintain the access facility. The BellSouth Long Distance Customer Resource Center ("CRC") will provide the Customer with a "Letter of Authorization" ("LOA") and a "Channel Facility Assignment" ("CFA") to facilitate the delivery of the local channel by the Customer's Access vendor.

Rates and charges for Customer Provided Access are contained in Section 8.5

Customers can order a basic channel and select, from a list of available transmission parameters and channel interfaces, those that they desire to meet specific communications requirements. For purposes of ordering channels, each is identified by type of service. However, such identification is not intended to limit a Customer's use of the channel nor to imply that the channel is limited to a particular use. Following is a brief description of each type of channel offered by the Company:

**DS-0 Analog** - a voice grade channel which provides voice frequency transmission capability in the nominal frequency range of 300 to 3000 Hz and may terminate as a two-wire or four-wire facility. Analog DS0 access service is provided between the Customer premises and the Company Point of Presence.

**Digital Data Service Access** - a channel for duplex four-wire transmission of synchronous serial data at the rate of 56.0 or 64.0 kbps. Transmission speeds of 56.0 and 64.0 kbps are referred to as high speed Digital Data Service (DDS) options. The actual bit rate is a function of the channel interface selected by the Customer.

\* *This service has been grandfathered effective April 27, 2007. No new customers will be provisioned under this service after this date.*

**SECTION 8.0 - DEDICATED ACCESS SERVICE, (CONT'D.)**

**8.1 Service Description, (Cont'd.)**

As an alternative, the Customer may provide its own Dedicated Access service from another access vendor, ("Customer Provided Access"). Customer Provided Access allows the Customer to provide its own local access (local channel) via a local exchange carrier (LEC) or other vendor provided the vendor has entrance facilities into the BellSouth Long Distance Network Access Point of Presence ("NAP"). BellSouth Long Distance is responsible for all network components with the exception of the Customer provided local channel.

(N)

If the Customer chooses to provide its own access facility in conjunction with BellSouth Long Distance services, the Customer has the sole responsibility to acquire, coordinate the delivery, and maintain the access facility. The BellSouth Long Distance Customer Resource Center ("CRC") will provide the Customer with a "Letter of Authorization" ("LOA") and a "Channel Facility Assignment" ("CFA") to facilitate the delivery of the local channel by the Customer's Access vendor.

Rates and charges for Customer Provided Access are contained in Section 8.5

**DS-3** - a channel for the transmission of nominal 44.736 Mbps isochronous serial data. A DS-3 channel has capacity for 28 DS-1 channels.
