

BEFORE THE NEBRASKA PUBLIC SERVICE COMMISSION

In the Matter of the Application) Application No. NG-0067
of SourceGas Distribution LLC,)
Lakewood, Colorado, seeking)
approval of a general rate) PLANNING CONFERENCE ORDER
increase.) AND HEARING NOTICE
)
) Entered: November 8, 2011

BY THE COMMISSION:

On September 30, 2011, SourceGas Distribution LLC (SourceGas) filed an application seeking approval of a general rate increase. Petitions for Formal Intervention were filed by the Public Advocate; Black Hills/Nebraska Gas Utility Company, LLC d/b/a Black Hills Energy; Seminole Energy Services, LLC; and the Public Alliance for Community Energy. Also, Constellation New Energy Gas Division (Constellation) filed a petition for informal intervention. An order granting interventions was entered on November 8, 2011.

In order to process this filing, a planning conference was held in this matter on November 7, 2011. Parties discussed the procedural schedule for the application including, but not limited to, discovery and filing deadlines as well as hearing dates and briefing schedules.

As a result of the planning conference, several issues were discussed. Therefore, this order serves to memorialize those decisions and to provide a timeline for proceeding in this docket.

Previously, the Commission was required to enter an order establishing rates within 210-days of the filing as set forth in *Neb. Rev. Stat. § 66-1838*. However, a change in statutory language was made in LB 1072 [2008]. As a result, the computation of the time available for Commission action on a general rate case filing was subject to differing interpretations. The Commission sought and received an Attorney General opinion on the issue.¹

Consistent with the Attorney General's opinion, in those cases in which the jurisdictional utility does not intend to negotiate with the affected cities, the Commission interprets § 66-1838(8) as allowing 240 days from the date of filing to enter

¹ Neb. Atty. Gen. Op. 11004, 2011.

an order determining final rates. Additionally, the Commission believes it may extend the deadline by an additional sixty (60) days as set forth in § 66-1838(15) for a total of 300 days. However, in recognition of the differing interpretations of the permissible time to enter an order, the Commission adopts a time line allowing it to enter an order within 240 days. To the extent necessary, the Commission also finds that the time for entering an order be extended pursuant to § 66-1838(15). The Commission's order shall not be construed as a final interpretation of the time period allowed under § 66-1838 for the consideration of general rate filings.

General Instructions and Deadlines

A. General Instructions. All evidence to be offered at hearing, objections thereto, and responses to those objections shall be filed by the dates set forth herein. A party offering prefiled testimony or exhibits as evidence at the hearing shall provide a copy to the court reporter. All prefiled exhibits must be numbered. All pages of each exhibit shall be numbered. All parties should eliminate argumentative, cumulative, or otherwise objectionable passages in testimony they intend to file. Parties are encouraged to limit objections and to enter into stipulations in order to facilitate the presentation of evidence and completion of this proceeding.

B. Objections. All objections to prefiled evidence shall specifically and succinctly identify the testimony or exhibit to which the objection is directed and the specific objection raised regarding each such portion of the testimony or exhibit. Failure to comply with the deadlines for objections will result in waiver of the objections.

C. Service. An official service list for this matter is attached hereto as Appendix A. Service may be accomplished through electronic mail using the addresses listed in Appendix A. Parties are responsible for maintaining an accurate service list. All parties should provide an electronic copy of any discovery requests and responses via electronic mail or cd rom to the Department. However, such discovery requests and responses shall not be filed with the Commission. Such discovery requests and responses shall not be part of the official record unless offered and accepted as exhibits during the hearing on the application. If using electronic mail, parties should send to rose.price@nebraska.gov.

Parties may meet filing deadlines outlined herein by sending an electronic copy of the filing via electronic mail to rose.price@nebraska.gov so long as all parties are served via electronic mail contemporaneously with the email filing and a hard copy is received by the Commission within three (3) days of the email filing.

D. Discovery. All discovery responses are due within ten (10) days of service, unless otherwise agreed to by the Parties. Any discovery request served after 3:00 p.m. shall be considered filed the following day for purposes of calculating response time. Unless modified by the hearing officer for good cause, interrogatories, requests for admission, and requests for production of documents, including all subparts shall be limited to 300 total. Discovery requests or subparts requesting the following shall not be counted as a subpart for purposes of limitations on discovery: name and contact information for individuals responsible for the response including address, email address and telephone number. Parties are expected to be reasonable in their interpretation of what may constitute a subpart for purposes of discovery limits.

Parties should reference Nebraska Discovery Rules for general guidance as to the conduct of discovery. Should this order conflict with any provision of the Nebraska Discovery Rules, this order controls. Parties should make efforts to resolve any discovery disputes.

Parties should provide copies of all discovery requests electronically to the Commission via electronic mail to rose.price@nebraska.gov. However, responses to discovery requests should not be filed with the Commission unless requested.

E. Exhibits and Witnesses. Parties shall file a consolidated exhibit list. All exhibits shall be appropriately marked and each page of the exhibit numbered prior to the hearing. Any party wishing to use a demonstrative exhibit or other demonstrative tools at the hearing must identify such materials by the time of the prehearing conference.
