**ORDER PROVIDING NOTICE, ESTABLISHING INTERVENTION DEADLINE,
AND DIRECTING RESPONSE**

Issue Date: September 20, 2018

Effective Date: September 20, 2018

On September 20, 2018, The Empire District Electric Company (Empire) filed an Application for Variance with the Commission, requesting that the Commission grant it variances from certain requirements of the Commission's integrated resource planning rule, 4 CSR 240-22. Specifically, Empire seeks a variance from provisions of Commission Rules 4 CSR 240-22.030 and 4 CSR 240-20.094 related to Demand-Side Resource Analysis and Load Analysis and Forecasting of Electric Utility Resource Planning.

Since the Commission's decision to grant or deny the requested variances may affect the substance of Empire's integrated resource plan filing, the Commission will provide notice to potentially interested parties and the public, and will establish an intervention deadline. In addition, the Commission will establish a date for its Staff and other interested parties to offer recommendations regarding Empire's request for variances.

THE COMMISSION ORDERS THAT:

1. The Commission's Data Center shall provide a copy of this order to all parties to Empire's most recent general rate proceeding, ER-2016-0023, and its most recent integrated resource plan triennial compliance filing, EO-2016-0223.

2. The Commission's Public Information Office shall make notice of this order available to the media serving Empire's service area and to the members of the General Assembly representing Empire's service area.

3. Any proper person wishing to intervene in this matter shall file an application to do so no later than October 10, 2018.

4. Staff shall file its recommendation regarding Empire's Application for Variance no later than October 25, 2018

5. Any other party wishing to respond to Empire's Application for Variance shall do so no later than October 25, 2018.

6. This order shall be effective when issued.
