

MASTER SERVICES AGREEMENT

This Master Services Agreement (this Contract), dated as of March 31, 2018 (the Effective Date), is entered into between SOUTH CENTRAL MCN LLC, a Delaware limited liability company (hereafter GridLiance) having an office at 201 East John Carpenter Frwy, Suite 900, Irving, TX 75062 and CITY OF NIXA, MISSOURI, a charter city of the state of Missouri (hereafter NIXA) having an office at 1111 W. Kathryn, Nixa, Missouri 65714. GridLiance and NIXA shall sometimes be referred to herein as a Party and collectively as the Parties.

WHEREAS, GridLiance may, from time to time, retain NIXA to provide certain services for certain compensation, and NIXA may, from time to time, agree to perform such services for such compensation, in each case as may be mutually agreed upon in one or more Task Orders executed by both Parties (each, a Task Order).

NOW THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, NIXA and GridLiance agree as follows:

1. Scope of Work

NIXA will provide services as described in each Task Order and in accordance with the terms and conditions set forth in this Contract. The first Task Order under this Contract is attached hereto as Attachment 1 and shall be executed by GridLiance and NIXA contemporaneously with the execution of this Contract. The scope, the schedule and the compensation for the services shall be negotiated by the Parties, set forth and described in each Task Order, and become part of this Contract when such Task Order is executed by an authorized representative of each Party. Task Orders shall not be used to modify any other of the terms and conditions of this Contract. In the event the terms and conditions of any Task Order conflict with the terms and conditions of this Contract, the Task Order shall govern. Each Task Order shall provide an estimate of the timeframe required to perform the associated services. It is recognized by the Parties that this estimated period of time is contingent upon factors beyond the reasonable control of either Party.

2. Term of Contract

This Contract is effective as of the Effective Date, and will remain in effect for a period of twenty (20) years unless otherwise terminated, with or without cause, by either Party by giving written notice to the other Party, to be received by the other Party no less than three hundred sixty (360) days prior to the selected termination date, provided that the obligations set forth in Sections 5, 6, 7, 8, and 10 shall survive termination of this Contract. In the event GridLiance terminates this Contract pursuant to this Section 2, then upon the selected termination date, NIXA shall (i) cease all work, (ii) transfer to GridLiance all completed and uncompleted work, (iii) not be responsible for any costs, expenses, losses or damages incurred as result of or in connection with such termination which costs, expenses, losses or damages shall be the sole responsibility of GridLiance.

Master Services Agreement & Task Order

3. Independent Contractor

In the performance of services hereunder, NIXA shall at all times be an independent contractor, and this Contract shall not constitute either Party as an employee, agent, partner, joint venturer or representative of the other. NIXA shall, in connection with its performance of services under this Contract and any Task Order, use commercially reasonable efforts to adhere to those of GridLiance's policies and procedures that (a) have been communicated to NIXA in writing with such advance notice as is reasonably required by NIXA in order to comply with such policies and procedures, and (b) are reasonably promulgated to minimize any disruption to GridLiance's personnel, clientele, business contacts and general working environment.

4. Compensation

GridLiance will compensate NIXA for performing the services based upon the compensation structure agreed to and stated in each Task Order. Invoicing of NIXA's compensation will be issued monthly in accordance with Attachment 2-a and Attachment 2-b and payable within thirty (30) days following GridLiance's receipt of each invoice.

NIXA shall maintain, for a period of three (3) years (or such longer period as GridLiance advises NIXA is required by NERC (as defined in the form of Task Order attached hereto as Attachment 1) standard, adequate and accurate books and records concerning the amount of compensation billed to GridLiance. NIXA shall also comply with the GridLiance accrual requirements contained in Attachment 2-a and Attachment 2-b. Upon ten (10) days advance written notice from GridLiance, NIXA will permit GridLiance to inspect and make copies of such books and records during normal business hours as may be reasonably necessary to verify the accuracy of the amount of compensation billed by NIXA to GridLiance. NIXA shall cooperate with all such inspections, including making representatives available for interview. All such inspections will be conducted at the expense of GridLiance. In the event that the Parties determine that a Party has paid or incurred an amount that it should not have been obligated to pay or incur, such Party shall be given credit for that amount plus interest at the Specified Interest Rate (as defined below). If GridLiance has overpaid, such overpaid amount plus interest at the Specified Interest Rate from the date of overpayment, shall first be used to offset any invoices due and payable and the balance shall be refunded to GridLiance within ten (10) days. If GridLiance has underpaid, such underpaid amount plus interest at the Specified Interest Rate from the date of underpayment, shall be paid to NIXA within ten (10) days. The foregoing inspection provisions do not apply to the calculations used to determine firm lump sum prices for work performed or services or materials provided under this Contract, except to the extent that knowledge of the amount of taxable portions of NIXA's invoicing is necessary. For purposes of this Section 4, Specified Interest Rate means an interest rate per annum equal to the lesser of (a) the maximum rate permitted by applicable law or (b) a rate equal to two hundred (200) basis points over the interest rate per annum for large commercial loans as published in The Wall Street Journal as the prime rate (sometimes referred to as the base rate) from time to time (or, if more than one rate is published, the arithmetic mean of such rates), determined as of the date the obligation to pay interest arises.
