Re: Corrected Page 2 For AGL Networks, LLC 2003 Annual Report

Dear Sir:

BMAR-2005-0009

Please find enclosed for filing with the Commission a corrected page two (2) for the previously filed 2003 Annual Report of AGL Networks, LLC. The correction has only to do with the amount for Total Company revenues having been inadvertently left blank when the original report was filed. The attached corrected page 2 does not provide any different or additional information having to do with any Missouri-specific activities or data of AGL Networks, LLC.

Please contact me if there are any questions or concerns.

Thank you.

Very truly yours,

GERRY & SAPRONOV LLP

*Missouri Revised Statutes Section 386.020(53)

(53) "Telecommunications service", the transmission of information by wire, radio, optical cable, electronic impulses, or other similar means. As used in this definition, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. Telecommunications service does not include:

(a) The rent, sale, lease, or exchange for other value received of customer premises equipment except for customer premises equipment owned by a telephone company certificated or otherwise authorized to provide telephone service prior to September 28, 1987, and provided under tariff or in inventory on January 1, 1983, which must be detariffed no later than December 31, 1987, and thereafter the provision of which shall not be a telecommunications service, and except for customer premises equipment owned or provided by a telecommunications company and used for answering 911 or emergency calls;

(b) Answering services and paging services;

(c) The offering of radio communication services and facilities when such services and facilities are provided under a license granted by the Federal Communications Commission under the commercial mobile radio services rules and regulations;

(d) Services provided by a hospital, hotel, motel, or other similar business whose principal service is the provision of temporary lodging through the owning or operating of message switching or billing equipment solely for the purpose of providing at a charge telecommunications services to its temporary patients or guests;

(e) Services provided by a private telecommunications system;

(f) Cable television service;

(g) The installation and maintenance of inside wire within a customer's premises;

(h) Electronic publishing services; or

(i) Services provided pursuant to a broadcast radio or television license issued by the Federal Communications Commission.

** Company's total gross operating revenues without regard to individual states' definitions of the term "telecommunications service."
