ORDER DENYING INTERVENTION

Issue Date: September 8, 2022

Effective Date: September 8, 2022

On July 14, 2022, Union Electric Company d/b/a Ameren Missouri filed an application with the Commission seeking an order granting a Certificate of Convenience and Necessity (CCN) pursuant to Sections 393.140, 393.170.1 and 393.190.1, RSMo. The Commission directed notice and set a deadline of August 15, 2022, for applications to intervene.

On August 19, 2022, Missouri Industrial Energy Consumers (MIEC) filed an application to intervene. In its application, MIEC stated that it is “a non-profit corporation that represents the interests of industrial customers in matters involving utility issues . . . includ[ing] the interests of large industrial consumers of . . . Ameren Missouri.” MIEC also stated that it has interests that are different from those of the general public and could be adversely affected by actions taken as a result of the decision in this case.

Commission Rule 20 CSR 4240-2.075(10) allows the Commission to grant a motion to intervene after the intervention date “upon a showing of good cause.” MIEC’s intervention application does not request that it be granted leave to file its application out of time, nor does it state a good cause basis for granting its untimely application. The

Commission finds that MIEC's application for intervention was not filed by the deadline to intervene set by the Commission and no good cause has been shown by MIEC to grant its application out of time. Consequently, the Commission will deny MIEC's untimely application to intervene.

THE COMMISSION ORDERS THAT:

1. MIEC's application to intervene is denied.
2. This order shall be effective when issued.
