Keillah,

Below are the documents that I pulled off our system. There are a couple of other ones related to the case, but they really didn't provide any pertinent information. If you need to see the complete documentation, I can arrange that, but I think this should be sufficient. As I indicated on the phone, because of this decertification case Phonetec is no longer certificated to do business in Missouri and therefore is not required to file an annual report with the Commission. If you find this decertification is in error, please let me know ASAP and I will refer you to our General Counsel's Office, otherwise I will assume you agree with the company's current status. If you have any questions, please feel free to contact me.
