REQUESTOR: Ryan Kind

REQUEST:

Does Aquila or the consultants who are assisting Aquila in its proposal to extend and expand the Aquila Fixed Bill Pilot Program know of any gas or electric utilities other than Gulf Power that have "above the line" accounting treatment for a fixed bill program? If yes, please identify all of the electric or gas utilities that have "above the line" accounting treatment for a fixed bill program.

RESPONSE:

Programs investigated during this process that have above-the-line accounting are Duke Power, North and South Carolina, and the Electric Power Board of Chattanooga. Both programs serve electric customers only.

We reported several utilities that have below-the-line accounting; one of the utilities is Duke Power, Indiana (formally PSI).
