RE: Atmos Energy Corporation
Tariff Revisions / Energy Conservation and Efficiency Program
File No. _____

Dear Mr. Reed:

Enclosed for filing on behalf of Atmos Energy Corporation ("Atmos"), please find the following revised tariff sheets which reflect Issued and Effective Dates of October 2, 2009, and November 1, 2009, respectively:

P.S.C. MO. No. 2
Original Sheet No. 112.2
Original Sheet No. 112.3
First Revised Sheet No. 116, Replacing Original Sheet No. 116
First Revised Sheet No. 117, Replacing Original Sheet No. 117
First Revised Sheet No. 118, Replacing Original Sheet No. 118
Original Sheet No. 119

These tariff revisions reflect recent decisions of the Atmos Energy Conservation and Efficiency Program Collaborative Members to expand the existing rebate program and to file the Variance to the Atmos Residential Low Income Weatherization Assistance Program, which recognizes the continued need for increased flexibility for Community Action Agencies in utilizing the massive increases in federal weatherization funding (ARRA).

Concurrent with this tariff filing in accordance with Commission Rule 4 CSR 240-2.065(2), Atmos is filing a Motion for Expedited Treatment requesting that these revised tariff sheets be approved as soon as possible, prior to the November 1, 2009 effective date.

Should you have any questions or concerns with this matter, please let me know.

Sincerely,

/s/ Larry W. Dority

Larry W. Dority

PROMOTIONAL PRACTICES (continued)

RESIDENTIAL SECTOR (continued)

Residential Low Income Weatherization Assistance Program Variance -- ARRA

PURPOSE:

This Variance ("Variance") to the Atmos Residential Low Income Weatherization Assistance Program (WP) (set forth at Sheet No. 112.1) is intended to enhance weatherization of homes of eligible customers and subsequently reduce their energy usage. This Variance will assist the Missouri Department of Natural Resources (DNR) Energy Center (EC) and their Weatherization Subcontractors (Agencies) operating within the Company's service territory in Missouri in carrying out the WP in accordance with the Federal American Recovery and Reinvestment Act (ARRA) of 2009. The ARRA greatly expands the Federal funding available to the Low Income Weatherization Assistance Program (LIWAP) administered by the U.S. Department of Energy (DOE) through the DNR-EC. The ARRA also increases the average amount the LIWAP may spend to weatherize a home. This Variance will allow LIWAP Agencies to redirect funds allocated for WP in accordance with the First Amendment to Cooperation and Funding Agreement (Amendment), as specified in Description.

TERM:

This Variance to the WP will be effective starting on the effective date of this tariff, through June 30, 2010.

DESCRIPTION:

As set forth in the Amendment, monies from the Fund received by the State Environmental Improvement and Energy Resources Authority (EI ERA) from Atmos during calendar years 2008 and 2009 will be disbursed by the EI ERA to the Agencies for the purpose of weatherizing the homes of eligible Atmos natural gas space-heating residential customers.

Minor Home Repairs -- Funds may be used by the Agencies for minor home repairs for eligible Atmos Customers for the purpose of enhancing the weatherization of the residence. The funds expended for minor home repair shall not exceed \$600 per individual residence, and for the program term such expenditures are expected to average \$400 per residence.

Additionally, the funds may be used by the Agencies for expenditures as categorized below for enhancing their ability to perform weatherization:

- (i) Equipment
 - Blower Door
 - Combustion Gas Detector
 - Carbon Monoxide/Combustion Gas Monitor
 - Infrared Camera
 - Vehicles/Trailers
 - Insulation Blowers
 - Hand Tools
- (ii) Workforce
- (iii) Training
 - Basic Weatherization
 - Building Performance Institute Training
 - Whole House Protocol
 - Lead Safe
- (iv) Administration
 - Administrative Support Staff
 - Office equipment
 - Office furniture
- (v) Space Needs
 - Office Space
 - Storage Space
- (vi) Outreach to eligible Customers

REPORTING AND EVALUATION

DNR/EC and EIERA will provide reports as specified in the Amendment. At the end of the Variance Term, DNR/EC and EIERA will provide a Report that will summarize and evaluate the effect of the Variance.

ENERGY CONSERVATION AND EFFICIENCY PROGRAM (continued)

CONSERVATION EFFORTS:

1.) **Customer Education**

PURPOSE AND DESCRIPTION:

The Company will spend approximately \$5,000 in the first year of the program to develop and present educational materials to K thru 12th grade students throughout its three geographic service areas in Missouri. The intent shall be to educate the students concerning the importance of energy conservation, and to introduce ways to reduce their family's energy consumption through various low or no-cost efficiency measures.

2.) **Residential Low Income Weatherization Assistance Program**

The specific terms and conditions of this Program are fully set forth under Promotional Practices Tariff Sheet 112.1.

3.) **High Efficiency Natural Gas Water Heating and Space Heating Rebates**

The specific terms and conditions of this Program are fully set forth under Pilot Programs Tariff Sheets 117-119.

PILOT PROGRAMS

High Efficiency Natural Gas Water Heating and Space Heating Rebates

DESCRIPTION AND AVAILABILITY:

At annual funding levels determined by the collaborative group pursuant to the General Terms and Conditions set forth at Sheet No. 115, the Company will promote more effective utilization of natural gas through the replacement of less efficient water heating and space heating equipment with high efficient Energy Star® rated natural gas equipment. Rebates are being offered to the Company's customers, on a limited basis, for a portion of the purchase and installation cost of programmable thermostats and Energy Star® rated natural gas equipment as described below.

The Program is voluntary and each type of rebate is available once to any participant. Rebates must be redeemed through the Administrator. Participating Retailers and rebate forms are available at all of the Company's Missouri office locations as well as on the Company's website ([www.atmosenergy.com/ Missouri ECE Program](http://www.atmosenergy.com/MissouriECEProgram)), or by calling 1-877-333-9965.

DEFINITIONS:

Administrator - The Company or its Agent will administer this Conservation Effort.

Participant - A customer, who is being served under the Company's Residential Firm Service or Small Firm General Service, is located in Missouri, and elects to purchase energy efficient gas saving equipment as described in this Conservation Effort.

Retailer - Any retailer who has agreed to sell the Energy Star® rated energy efficient natural gas equipment associated with this Program.

REBATES:

Rebates shall apply to customers purchasing programmable thermostats, Energy Star® rated natural gas furnaces, boilers, combo heating/ water heating systems, tank water heating systems, tankless water heating systems, or other such equipment as may be approved by the Administrator.

Each participant will receive a rebate after the completed rebate form is submitted with proper information.

PILOT PROGRAMS (continued)

High Efficiency Natural Gas Water Heating and Space Heating Rebates (continued)

The terms of the rebate are as follows:

Upon receipt of a properly completed rebate form and associated documents, the Administrator will issue a check to the Participant within eight (8) to ten (10) weeks.

The following rebates may be paid to each participant:

- 1) Programmable thermostat – a rebate of twenty-five dollars (\$25) for a programmable thermostat purchased individually or in conjunction with an Energy Star® rated space heating system.
- 2) Energy Star® rated natural gas furnace or boiler – a rebate of two hundred and fifty dollars (\$250) for the purchase and installation of one (1) Energy Star® rated furnace unit or boiler.
- 3) Energy Star® rated combination space heating and water heating systems – a rebate of four hundred and fifty dollars (\$450) for the purchase of such system. These systems combine the heating system and the water heating system in one piece of equipment.
- 4) Energy Star® rated tank water heating system – a rebate of fifty dollars (\$50) for the purchase of a tank water heating system that meets current Energy Star® criteria.
- 5) Energy Star® rated tankless water heating system – a rebate of two hundred dollars (\$200) for the purchase of a tankless water heating system that meets current Energy Star® criteria.

TERMS AND CONDITIONS:

This Conservation Effort will conclude each year when the amount of funds for this rebate program has been fully utilized by its Participants. The Administrator shall require a reservation be made by each individual seeking a
