2. RDQ Balancing: Notwithstanding the provisions above, according to the Required Daily Quantity (RDQ) Balancing provisions in Section 11 of Company's General Terms and Conditions for Gas Service (GT&C), a customer may agree to deliver during PODBs and/or POCs a predetermined Required Daily Quantity (RDQ) of natural gas to a transportation service meter which records a peak-month usage of less than 1,500 Mcf in the most recent 12 month period ending April 30, in lieu of the Company's requirement to install EFM. However, meters upon which EFM equipment has already been installed shall not be eligible for the RDQ Balancing option and the customer shall be subject to all charges set out in the Net Monthly Bill section.
3. A customer shall reimburse Company for the installed cost of EFM which shall become the sole property of Company. This CIAC for labor, material, and overhead costs associated with the installation shall be:
- | | |
|--------------------|---|
| \$ 1,600 per meter | if the customer's existing measurement facilities do not require the use of an electronic correction device as part of the EFM, or |
| \$ 3,400 per meter | if the customer's existing measurement facilities include or require the use of an electronic correction device as part of the EFM. |
4. A customer shall make an additional CIAC sufficient to cover the cost of any non-EFM related work performed and/or equipment installed at the customer's request. All such facilities and/or equipment shall become the sole property of Company. Payment shall be due from the customer at the time equipment is installed, except that Company may permit the customer to finance the EFM over a four year period at 8% per annum.
5. Company shall endeavor to coordinate the installation of all facilities required herein with a customer as soon as practicable following the effective date of this rider. Company shall notify the customer of its intent to install EFM, as well as the scope and estimated cost thereof.
- a. A customer shall provide adequate space for the installation of the EFM.
- b. A customer shall provide and maintain, at its cost, a dedicated telephone circuit or a Company-accepted alternative, according to Company's EFM Standards. Company and the customer shall mutually agree upon electric power and telephone connection location.
