CASE No. GC-2009-0236

FILED²

FEB 11 2009

Missouri Public
Service Commission

Dear Sir or Madam,

First of all I am very thankful and

appreciate all your efforts on our behalf.

As you are well aware, first Ameren U.E. said that we owe them close to \$7000. Honest to God, first they didn't want to reduce even \$1 from the bill. They told me by law they can go back 2 years and I have to pay the bill no matter what, only thing they will do is make instalments for the payment.

When we file the Complaint with (M.P.S.C.), now they said they made another error, now the Constant is 1.31?

I don't understand why are they making all these mistakes.

When I called Ameren U.E. they told me Constant is actually the flow of gas. I told them right now we have furnace that we use for our office and apartment, the usage and flow will be higher in winter months than spring or summer.

Second, I am not a technical or expert in this field, but I have common sense. How I know the Constant they are saying which was incorrect if it was correct?

I am demanding from Ameren U.E. to show us the documents for past 2 years to calculate and determine the constant for the time period they are demanding money for.

I think ~~it~~ was may 2007, when they shut the gas line by Ameren U.E. employee. If there was a mistake why they didn't correct it at that time.

Also the gas was leaking from my neighbour's meter even though his business was closed.

Also I am including the bill of my friend's hotel (DAYS INN, Mexico) which is about 1 mile from us. His business is $2\frac{1}{2}$

times more than us. He has two gas boxes also. If you compare his bill to us you will see their gas bill is less than us.

It's a bigger property from us. We checked all our gas lines there is no leakage.

As I mention in my earlier letter to you it's not an error or mistake on Ameren U.E. part. This decision was made to go against us by a local Ameren U.E. office.

If you compare our bills to DAYS Inn you will see the difference.

I am hoping you will do the justice and look at our situation as your own.

If Ameren U.E. refuse to provide any accurate documents regarding the constant for past 2 years. please ask them to remove all charges from our bill.

I Can't thank enough all your efforts on our behalf.

THANK YOU.

SAM WAHEED
