RE: In the Matter of an Investigation into the Tree Trimming Policies of Union  
Electric Company d/b/a AmerenUE, Case No. EW-2004-0583

Dear Sirs:

Enclosed is the AmerenUE's Report on its Metro Tree-Trimming Schedule and on its Other Area Tree Trimming Schedule for the third quarter 2006. On the worksheets under the first, second, and third quarter, the number at the bottom of each column in bold is the actual line miles completed between January 1, 2006 and September 30, 2006. For 2006, Ameren UE has 4,249 distribution line miles scheduled under performance management with our vendors. As of September 30, 2006, 2,910 distribution line miles have been completed or 68.5%.

The major storm events in July of this year impacted the tree trimming schedule. Ameren added additional tree trimming crews in August to ensure that desired cycle lengths are obtained on/before December 2008.

Sincerely,

*Thomas Byrne*
