Please describe the methods your agency considered or used to reduce the impact on small businesses (examples: consolidation, simplification, differing compliance, differing reporting requirements, less stringent deadlines, performance rather than design standards, exemption, or any other mitigating technique).

The proposed rescission removes this chapter because the commission has limited jurisdiction over pre-owned homes. Pre-owned homes were all built and installed to differing standards that were in effect at their time of manufacture, making it very difficult to inspect the homes and their installation. This rescission will reduce any impact on small business.

Please explain how your agency has involved small businesses in the development of the proposed rule.

Meetings with the industry were held, and feedback was accepted and considered during the general review of the Manufactured Housing Rules. Their Feedback was considered in this rulemaking process.

Please list the probable monetary costs and benefits to your agency and any other agencies affected. Please include the estimated total amount your agency expects to collect from additionally imposed fees and how the moneys will be used.
