**4 CSR 240-125.050 Limited Use Installer License.** The Commission is amending Section (1); rescinding sections (2) and (3) of this rule; and proposing Section (2).

*PURPOSE: This amendment modifies licensing guidelines for limited use installer licenses for manufactured home installers.*

(1) To be licensed as a manufactured home limited use installer, an applicant shall submit to the [commission] **manufactured housing and modular units program** a completed application, signed and dated by the applicant, together with the required one hundred fifty dollar (\$150) fee and proof of general liability and workmen's compensation insurance. A limited use installer license allows the holder to perform all of the work performed by a licensed installer under the supervision of a licensed installer **until the limited use installer passes a commission-approved manufactured home installer examination.**

*[(2) A limited use installer license shall be valid for a period of one hundred eighty (180) days and may be renewed one (1) time.*

*(3) If needed, the commission may contact any person or entity to verify the experience of an applicant.]*

**(2) A limited use installer license holder must take a commission-approved manufactured home installer examination within a period of one hundred eighty (180) days from the issuance of the limited use installer license. Failure to attain a passing grade on the examination terminates the limited use installer license. However, the installer has a one-time option to reapply pursuant to Section (1) of this rule for a second limited use license. The applicant must take a second commission-approved manufactured home installer examination within a period of one hundred eighty (180) days of the license renewal. Failure to attain a passing grade on the second examination terminates a limited use installer license and provides no opportunity for reapplication.**
