Re: Sage Telecom Communications, LLC
Notice of Additional Underlying Carriers

To Whom It May Concern:

By Order issued November 13, 2013 in File No. TA-2014-0008 (“Order”), the Missouri Public Service Commission (“Commission”), designated Sage Telecom Communications, LLC (“Sage” or “Company”) as an Eligible Telecommunications Carrier (“ETC”) for the provision of wireless Lifeline services throughout the State of Missouri (Ordering Paragraph No. 1), stating that “the company’s ETC service area is state wide” (*see* Order at page 2). In its ETC application, Sage noted its intent to provide service utilizing the underlying wireless network of Sprint.

In order to best serve its customers and provide quality service and coverage throughout Missouri, Sage hereby notifies the Commission that it will utilize Verizon Wireless and T-Mobile USA, Inc. as additional underlying carriers to provide service throughout Sage’s designated service area statewide, subject to the underlying wireless network coverage of Sprint, Verizon and T-Mobile.
