Decommissioning Costs at Current Levels.)	

ORDER DIRECTING FILING

Issue Date: October 23, 2008 Effective Date: October 23, 2008

On August 29, 2008, Kansas City Power & Light Company filed an application for approval of the accrual and funding of Wolf Creek Generating Station decommissioning costs at current levels. The Commission issued an order giving notice of the application and directing KCPL, the Commission's Staff, and the Office of the Public Counsel to file a proposed procedural schedule no later than October 23, 2008.

On October 22, 2008, Staff responded to the Commission's order. Staff notes that in KCPL's previous decommissioning cost level case (EO-2006-0094), Staff was granted time to file a recommendation with a jointly proposed procedural schedule, a status report stating when its recommendation would be filed, or the parties' stipulation and agreement. Staff asks the Commission to adopt a similar procedure for this case, and states that KCPL and Public Counsel concur in this request. Staff requests that the Commission set November 20, 2008, for Staff to file either a recommendation or a status report stating when the recommendation will be filed. Further, Staff requests an extension of two weeks beyond the filing of Staff's recommendation for the parties to submit either a procedural schedule or a date by which the parties intend to file a stipulation and agreement.

The Commission has considered Staff's response and will adopt Staff's suggested schedule for this case.

THE COMMISSION ORDERS THAT:

- 1. No later than November 20, 2008, the Staff of the Commission shall file either its recommendation or a status report indicating when it expects to file its recommendation.
 - 2. This order shall become effective upon issuance.

BY THE COMMISSION

Colleen M. Dale Secretary

(SEAL)

Nancy Dippell, Deputy Chief Regulatory Law Judge, by delegation of authority pursuant to Section 386.240, RSMo 2000.

Dated at Jefferson City, Missouri, on this 23rd day of October, 2008.
