VIA ELECTRONIC FILING

Mr. Morris Woodruff, Secretary
Missouri Public Service Commission
P.O. Box 360
Jefferson City, MO 65102

**RE: Liberty Utilities (Midstates Natural Gas) Corp.
Purchased Gas Adjustment Tariff Filing – Case No. GR-2021-0101**

Dear Judge Woodruff:

I am providing herewith to the Missouri Public Service Commission for filing, in electronic form, a substitute tariff sheet for Form 13, PSC MO No. 2, 27th Revised Sheet No. 44. The substitute tariff sheet represents the corrected Liberty Winter Purchased Gas Adjustment (“PGA”) Filing for Liberty’s four PGA service areas and reflects changes in the PGA factors and the Actual Cost Adjustment (“ACA”) factors. The tariff sheet was originally submitted on November 6, 2020, with a proposed effective date of December 6, 2020. As a substitute, the sheet being submitted today bears those same issue and proposed effective dates. I will, however, extend the requested effective date in EFIS from December 6 to December 13, to allow Staff time to review the changes.

The substitute tariff sheet filing was created to correct calculation errors in the workpapers of Liberty’s consultant. This was first discovered by Staff in review of the Liberty West Area (WEMO) rates. In each of the PGA service areas, injections of gas into storage was entered in the filing workpapers with the incorrect sign. Due to the magnitude of the withdrawal volumes, the correction has changed the ACA/PGA rates for each area. Also, during the process a few minor reconciliation items were identified and resolved.

As a result of this Winter PGA filing, as corrected, the WEMO firm PGA rate will decrease from the current \$0.33671 per Ccf (100 cubic feet) to \$0.32024 per Ccf. For the Kirksville area, the effect of these changes will decrease the firm PGA rate from the current \$0.31639 per Ccf to \$0.18067 per Ccf. For the Northeast Area (NEMO), the effect of these changes will decrease the firm PGA rate from the current \$0.36512 per Ccf to \$0.18595 per Ccf. For the Southeast Area (SEMO), the effect of these changes will decrease the firm PGA rate from the current \$0.35250 per Ccf to \$0.27627 per Ccf.

Please bring this filing to the attention of the Commissioners and the appropriate Commission personnel.

Sincerely,

Diana Carter
