Subject: Transcom Communications BMAR-2006-2180

The subject's 2005 Annual Report reports a name change to MASKINA COMMUNICATIONS.

Maskina is not listed on the 2005 master spreadsheet and Transcom's row on the master spread sheet reports its certification cancelled.

EFIS reports Transcom and is silent on Maskina.

All data has been inserted on the Transcom row of the master spreadsheet to ease future recovery.

Annual report related supplemental submissions to BMAR-2006-2180 will apparently show as Transcom

No deficiencies were noted on the annual report.
