RE: BMAR-2007-1379

Dear Mr. Sorensen:

I have reviewed the annual report form submitted to the Commission. As a result of my review I have identified a deficiency:

1. Sewer Utility Plant in Service and Water Utility Plant in Service sheets, pages S-6 and W-10 does not appear to reflect the appropriate balances as ordered in the Company's most recent case WR-2006-0425. It appears that the Company has listed account balances based on original cost or some other valuation. Please review and correct accordingly.

I have provided the Commission's Data Center with a copy of this letter to be filed in conjunction with your annual report. Upon receipt of your response I will submit the corrections with your annual report filing. You may mail or e-mail you corrections. Should you have any questions you may call me at (573) 526-6960 or via email at [dana.eaves@psc.mo.gov](mailto:dana.eaves@psc.mo.gov).

The direct correspondence should be mailed to:

Respectfully,
