Case No. CA-2006-0373

STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and for its recommendation states:

1. In the attached Memorandum, which is labeled Appendix A, the Staff recommends that the Missouri Public Service Commission grant YMax Communications Corp. (Applicant), a certificate of service authority to provide basic local exchange telecommunications service in the service area of Southwestern Bell Telephone L.P. d/b/a AT&T Missouri, conditioned upon certain access rate provisions. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. (See §§ 392.430 and 392.440 RSMo. (2000).)

2. Staff also recommends that the Commission classify the Applicant and its services as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. (See §392.361.2.) All the services a competitive company provides must be classified as competitive. (See §392.361.3.)

3. No tariff was submitted with application. Although a tariff filing at this time is not required, Staff notes that pursuant to 4 CSR 240-3.510(1)(C), the applicant cannot lawfully provide service until tariffs are effective.

WHEREFORE, Staff recommends that the Commission grant YMax Communications Corp., a certificate to provide basic local exchange telecommunications services, conditioned upon the access rate provisions described in the Staff memorandum; grant competitive classification; and a grant waiver of the statutes and regulations listed in the Commission's *Notice of Applications*.

Respectfully submitted,

/s/ David A. Meyer
