Lora:

I rec'd your message. This order is on hold (as is 630917) for regulatory/legal issues. Also, nothing has been populated in the sup field. Also, back on 4/16

we rec'd a sup on this order so this will be version # 3 , not version 1.

Once the regulatory/legal issues have been settled, please resend your orders w/ the corrected information.

Thanks!

Subject: ASRs for 480 Local Trunks in Branson

Lora,

This is in regards to your ASRs you submitted for Brooks Fiber, your PONs 651763, 674028, 674021.

These are for local trunks in Branson.

Per our Carrier Relations manager, Susan Smith, we have to deny these orders.

Brooks Fiber does not have a local interconnection agreement with us and we have to have that on file with an approved forecast, prior to order/installing any local trunks.

If you need further clarification, please contact Susan at 903-792-3499.

We are canceling these 3 pons and the related facilities at this time.
