Dear Ms. Gillespie:

We are in receipt of the 2004 interexchange telecommunications carrier (IXC) annual report. The cover letter requests highly confidential treatment of the annual report. The annual report submitted is not in compliance with the Commission's rules. I have attached a copy of the cover letter that was sent with the annual reports mailed to utility companies in January, which outlines the requirements for having an annual report submitted under seal.

If you choose to have the annual report submitted as a public document please respond to this email. Otherwise, please resubmit the annual report following the Commission's rule requirements for submitting an annual report under seal. Please note in a cover letter accompanying the annual report that it is an amended 2004 annual report.

Please call or email if you have any questions.

Sincerely,

*Janis E. Fischer*
