Re: Lake Region Water & Sewer Company, Case Nos. WR-2010- _____
and SR-2010- _____.

Dear Mr. Reed:

Along with my letter you will find for filing with your office a letter from Mr. John R. Summers, acting General Manager for Lake Region Water & Sewer Company (Lake Region), which covers certain tariff sheets setting out revised rate schedules designed to increase Lake Region's annual revenue by approximately \$331,223.00 exclusive of applicable gross receipts, sales or franchise fees. The tariff sheets bear a date of October 7, 2009 and an effective date of November 6, 2009.

The test year the Company employs is the twelve months ending December 31, 2008.

Also included herein or on the Exhibit attached to my letter is the information required by 4 CSR 240-3.030(3)(B) as follows:

- (3)(B)1. The proposed tariffs will result in an aggregate revenue increase of approximately \$331,223, or 50%.
- (3)(B)2. The proposed tariffs will affect customers in the counties of Camden and Miller and the community of The Village of Four Seasons.
- (3)(B)3. See Exhibit 1.
- (3)(B)4. See Exhibit 1.
- (3)(B)5. See Exhibit 1.
- (3)(B)6. None.

Mr. Steven Reed
October 7, 2009
Page 2

(3)(B)7. The Company's existing water and sewer rates for the Shawnee Bend territory became effective in July 1997 and were based upon limited operating cost data due to the limited number of customers connected at that time. The Company's existing sewer rates for the Horseshoe Bend territory became effective in August 1998.

Since the Company's rates were set the Company has constructed significant additional infrastructure to serve existing and new customers including a 100,000 gallon per day wastewater treatment plant and a 200,000 gallon elevated water storage tank.

Operating expenses have outpaced revenue growth over the same period.

As required by 4 CSR 240-2.065(1), today's filing includes Lake Region's direct testimony in support of this general rate increase request. Direct testimony is provided by Mr. John R. Summers.

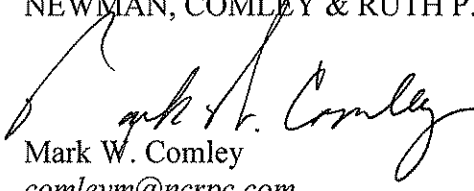

Please bring this filing to the attention of the appropriate Commission personnel. Copies of all correspondence, notices, orders or other communications in connection with this matter should be sent to undersigned counsel and Mr. John R. Summers, Lake Region Water & Sewer Company, P.O. Box 9, Lake Ozark, MO 65049.

Thank you for assistance with this filing. Please contact me if there are any questions.

Very truly yours,

NEWMAN, COMLEY & RUTH P.C.
