Dear Mr. Woodruff:

I am appalled at your behavior in regards to my case EC 2013-0521. You allowed your employees to treat me with a lot of disrespect. You out rightly discriminated against me because of my disability, my race, my indigent status, and my age. You gave Mr. Daniel Jordan, former Regulatory Judge permission to do what is called a Report and Order knowing that it would take me time to address the issues in it. You refused to assist me in getting the rules and regulations that your agency and Ameren Union Electric Company uses. When I told you I had a visual problem and it would be hard to get things off of the Internet you simply ignored me. When I let you know I have completed a Preliminary Response to the Report and Order you refused to look at it and comment on it even though it is on its way to your office. You told me you would not argue with me about the case that the members of the commission had made its decision. I am going to make my decision and pursue legal action against those who were treating me with disrespect, discriminating against me, and violating my constitutional rights.

Your agency along with Ameren Missouri is very discriminatory towards several groups of people including those who happen to be African-Americans and those of us with disabilities. I know this is of little significance to you because you make it very apparent that you and your company can do whatever you want due to the fact that the general public does not have a choice in terms of utility companies.

You allowed Mr. Jordan to refuse to give me the rules and regulations so that I can fight my case. You refused to even listen to or read the Preliminary Response that I drafted in accordance with Mr. Jordan's Report and Order. Not only are you an unfair man you are very stubborn when it comes to your rules and regulations. You claim this case has gone on long enough, but you failed to bring this to a mutually favorable resolution. I just received your information online about not even answering the Preliminary Response to Mr. Daniel Jordan's Report and Order. That reaction from you does not surprise me at all. It once again shows your attitude and your discrimination towards me. This letter is to let you know that I am going to proceed with a Notice of an Appeal within several days, but it will be with the US District Court.

Sincerely,

Craig D Mershon
