RE: Phase 4 of ICC Access Reform
Docket No. TT-2012-0317
Common Point LLC

Dear Commission:

Please be advised that Common Point LLC has no revisions to make to its Missouri Access Tariff. The FCC's fourth phase of intrastate access reductions, which are to occur no later than July 1, 2015, instruct CLECs to reduce intrastate access terminating switched end office rates and reciprocal compensation. As a tandem access provider, Common Point terminates to the tandem and does not offer termination to end offices, nor do they assess or tariff end office rates, thereby making the fourth phase inapplicable to Common Point. Due to this, there is nothing in Common Point's tariff to revise.

If you have any questions or need additional information, please contact me by phone at (405) 755-8177 extension 103 or by email at mdean@telecompliance.net.

Respectfully,

/s/ Matt Dean
