Subject: RE: Annual Report Notice for Bays-ET Highspeed LLC (BMAR-2019-1655 & BMAR-2019-1656)

This email is a continued notice regarding your 2018 annual report.

Page 4 of the report must have the line counts redacted, not just the exchange name. When submitting the corrected public version please also submit the non-public version so they are within the same filing.

Thanks,

Kari Salsman | Missouri Public Service Commission | 573-526-5630

This email is a continued notice regarding your 2018 annual report.

- **Section 392.550.3(7)(C)RSMo requires companies providing IVoIP service to submit, as part of their annual reports, the number of customers or lines served in each exchange, and requires the Commission to maintain such information as proprietary and not available to the public.** The public document you previously submitted contains information regarding the number of customers or lines served in your exchange(s). Therefore, the company must resubmit its report, both the public and non-public version **with the line counts redacted from the public version**. The Commission has changed the designation of the public version to non-public to keep the line counts proprietary.

Please resubmit your annual report in its entirety within the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number(s) in the subject of this email.

Failure to respond and adequately resolve this issue within 20 days may result in punitive action against the company. If you have any questions you may contact me using the information below.
