MISSOURI PUBLIC SERVICE COMMISSION

COMMISSION STAFF DIVISION

WATER & SEWER DEPARTMENT

SURREBUTTAL TESTIMONY

OF

MATTHEW J. BARNES

KCP&L GREATER MISSOURI OPERATIONS COMPANY

CASE NO. ER-2016-0156

Jefferson City, Missouri
September 2016

Rebuttal Testimony of
Matthew J. Barnes

1 A. Not entirely. Staff agrees that the only transmission costs that should be
2 included in the FAC are transmission costs that are necessary to receive purchased power to
3 serve native load and transmission costs that are necessary to make off-system sales excluding
4 any and all charges related to Southwest Power Pool (“SPP”) charges related to GMO’s
5 Crossroads generating station. The language that is currently in GMO’s FAC tariff Sheet
6 No. 126 was written before the SPP Integrated Market was implemented, which was
7 March 2014. Since then the Commission has issued several *Report and Orders*² addressing
8 the Day Ahead market and the proper transmission costs to be included in FACs. Staff’s
9 recommendation to change the transmission cost language in GMO’s FAC tariff Sheet
10 No. 126 is consistent with and more accurately reflects the transmission costs the Commission
11 has allowed other utilities to include in their FACs since the Commission first authorized
12 GMO’s FAC.

13 Q. Does this conclude your rebuttal testimony?

14 A. Yes it does.

² Kansas City Power & Light Company *Report and Order* in Case No. ER-2014-0370, Ameren Missouri *Report and Order* in File No. ER-2014-0258, and Empire District Electric Company *Report and Order* in Case No. ER-2014-0351.
