Complainant,)	
)	
v.)	<u>Case No. EC-2005-0420</u>
)	
Kansas City Power & Light Company,)	
)	
Respondent.)	

JOINT MOTION FOR CONTINUANCE

COME NOW Kansas City Power & Light Company ("KCPL") and the Staff of the Missouri Public Service Commission ("Staff"), and also on behalf of Complainant Christian R. Atlakson and the Office of the Public Counsel (hereinafter, collectively referred to as "the Parties"), and respectfully state as follows to the Missouri Public Service Commission ("Commission"):

1. On July 15, 2005, following a July 14, 2005 prehearing conference in the above-styled proceeding, the Commission issued its Order Setting Hearing on August 3, 2005.
2. The Complainant, the Complainant's electrician, and a representative from KCPL met at the Complainant's premises on July 22, 2005 to discuss the necessary modifications to correct the dangerous condition created by the low electric service line and meter location as further described in KCPL's Answer, filed June 17, 2005.
3. On July 28, 2005, the Complainant received a bid from his electrician to complete the necessary modifications. The Complainant indicated to KCPL that the electrician will make the necessary modifications on August 2, 2005.

4. The Parties anticipate that a motion to dismiss will be filed after the necessary modifications have been completed.

5. In light of the circumstances, the Parties believe that it would be more appropriate at this time to focus on working to resolve this matter rather than preparing for and participating in a hearing.

6. Accordingly, the Parties propose that the hearing be continued for at most two weeks to allow time for the Parties to work to resolve this matter and to subsequently file a motion to dismiss. Please see the attached e-mail (Appendix A) from the Complainant indicating his concurrence.

WHEREFORE, the Parties respectfully move that the Commission continue the hearing in this proceeding for at most two weeks.

Respectfully submitted,

/s/ Dennis L. Frey
