Petition the Court

I still have not received access to the following:

- The work order for changing the transformer on the pole
- The meter reader supervisors name
- The original meter reader that did not get out of the truck to read the meter
- The worker that came out with Bill Warner to cut the limb off the line
- The lady who was sent out to see if the meter could be read from the road

I also would like to request a change of venue to Andrew County. My residence is in Andrew County and I believe the case would be better served by being heard there.

Respectfully

Ed Shepherd
