Regulations Requiring Individual Metering)	

ORDER SETTING PREHEARING CONFERENCE

Issue Date: October 4, 2005

Effective Date: October 4, 2005

On September 21, 2005, WST, Inc., filed an application requesting that the Commission grant a variance from Kansas City Power & Light Company's tariff to allow it to complete a redevelopment project using a master electric meter. WST indicated that the redevelopment project is nearing completion and requested that the Commission act on its application by October 19. KCPL filed a response on October 3 indicating that it was not taking a position on whether WST should be granted a variance from its tariff. KCPL did, however, indicate that granting the requested variance would raise several problems that it would like the Commission to address. The Commission's Staff filed a response on October 3 questioning the authority of the Commission to grant a variance from KCPL's tariff.

To afford the parties an opportunity to discuss this matter and how the Commission might proceed, the Commission will set this matter for a prehearing conference.

IT IS THEREFORE ORDERED:

1. That a prehearing conference shall be held on October 7, 2005, at 2:00 p.m.

2. That the prehearing conference will be held at the Commission's office at the Governor Office Building, 200 Madison Street, Jefferson City, Missouri, Room 305. This building meets accessibility standards required by the Americans with Disabilities Act. If you need additional accommodations to participate in this conference, please call the Public Service Commission's Hotline at 1-800-392-4211 (voice) or Relay Missouri at 711 prior to the conference. **Parties may participate by telephone by dialing 573-751-9630.**

3. That this order shall become effective on October 4, 2005.
