Subject: Operator Communications, Inc. dba Oncor Communications, Inc. Missouri 2002 Annual Report

Thank you for submitting the 2002 interexchange carrier (IXC) annual report. I reviewed the report and found that the certification date (page 1, item 6) and associated case number responses do not match our records. Our records indicate that the certification case number should be TM-92-121 and the Report and Order date is May 26, 1992. Please note in the future to refer to Operator Communications, Inc. as Operator Communications, Inc. dba Oncor Communications, Inc. Please include this information in your next annual report (2003).

Please call or email if you have any questions.
