Thank you for your Competitive Local Exchange Carrier (CLEC) Annual Report to the Missouri Public Service Commission (PSC). Although you have reported serving local access lines, the PSC has no record of your filing of a Basic Local Service Tariff. If this is in error, please notify me promptly, as it is unlawful to provide local service without an effective tariff.

Please be advised that response to Deficiencies in Annual Reports must be provided within twenty (20) days of notification or penalties may be applied. Your prompt attention to resolving this matter will be appreciated.
