## STAFF NOTES

### President's Climate Action Plan and The Clean Air Act

June 25, 2013 – Presidential Memorandum directing the EPA to work expeditiously to complete carbon pollution standards.

Section 111(b) – EPA issues national emissions standards for new sources.

Section 111(d) - EPA shall establish a procedure for states to submit plans containing performance standards for existing and affected sources.

(Standards for existing and new sources may be different.)

1. EPA releases “guideline documents”
  - a. Cost
  - b. Energy requirements
  - c. Environmental impacts
  - d. Emission reductions that may be possible
2. State creates a plan that establishes a standard of performance for implementation and enforcement
3. State submits a plan to EPA, which is approved or denied by EPA.

---

Section 111(d) allows for collaboration between EPA and states to address pollutants.

- Proposed standards and guidelines by June 1, 2014
- Final standards and guidelines by June 1, 2015
- State submittal of implementation plans under section 111(d) by June 1, 2016

**Are there things the Missouri Commission should consider/know as the process moves forward and comments are sought on EPA standards and guidelines?**
