Subject: Payroll Advance, Inc. 2003 Missouri annual report

Thank you for submitting the 2003 Missouri annual report. I have reviewed the report and according to our records the response to page 1, item 2, effective date of certification should be September 21, 2000 and the case number TT-2001-62. The case you listed, TA-99-405, authorized the certificate but it did not become effective until the compliance tariff in TT-2001-62 was approved. Please include the TT-2001-62 case in future annual report submissions.

Please call or email if you have any questions.
