Revenue reporting clarifications:

Total Company Revenue (Column B) = Missouri Intrastate revenue in Column A + Interstate revenues + International revenues.

IVoIP revenue: If unable to distinguish Missouri Jurisdictional revenue in Column A then a safe harbor percentage can be applied to total revenue that corresponds to the FCC's safe harbor percentage.

Retail non-switched private line service revenue: All of a customer's non-switched private line service revenue can be reported in Column B if 10% or more of the customer's private line network traffic is considered interstate traffic.
