Subject: Annual Report Deficiency for CenturyLink Solutions (BMAR-2011-1384)

This email is a deficiency notice for your annual report. Your annual report is considered deficient until the following issue(s) are addressed:

The annual report's identification of the certificates/registrations held by the company fail to match Missouri PSC records. Our records indicate you have a CLEC **and** IXC certificate.

Page 5 of the company's annual report fails to provide any line quantity information. Any company certificated to provide basic local telecommunications service or IVolP service must complete this page. If you did not provide local voice service in 2010 then please insert "0's" on this page or provide a statement that the company does not have any customers for local voice service. Submission of "N/A" is not acceptable and is still considered a deficiency.

Please resubmit your revised annual report in its entirety if your annual report needs to be revised to correct the deficiency. Any revised annual report/response must be filed within the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number previously supplied upon your initial annual report submission to the Commission.

Please be aware that per Commission rule 4 CSR 240-3.540(4) a company is required to respond within 20 days of being notified of a deficiency in a company's annual report. Failure to respond within 20 days may subject the company to a penalty of \$100 per day that it is late in filing a response to the deficiency.
