Subject: Sage Telecom Inc - IXC - CLEC - 2009 MOPSC Annual Report Review - Complete

The Missouri Public Service Commission (Commission) has received your response to its deficiency notice and determined the submitted form has corrected the deficiency/deficiencies contained in the original e-mail. However, as a result of my review, I have identified the following item/items that require further explanation:

1. A copy of your CPNI is attached to the original annual report filing. In the future, please resubmit any attachments include with the original filing with any resubmitted annual report filings. No additional action is required on your part regarding Staff's initial review for acceptance.

This response has been reviewed only for procedural errors and omissions and is not a financial statement attested to by the Commission.

While your report has been initially accepted by the Commission, further reviews are possible based upon the types of information provided. Should a subsequent review reveal deficiencies not previously identified, you will be notified of the deficiencies and any actions you are required to take.

For your convenience, in lieu of requiring a resubmission of all or part of your annual report, I have provided the Commission's Data Center with a copy of this email to be filed in conjunction with your annual report, which will be sufficient to accept your filing.

If you have any questions; please feel free to contact me. When contacting the Commission concerning your report, please reference the following identification numbers: **BMAR-2010-1326 & BMAR-2010-1327**.

Sincerely,

Mike Straub
