Services in the State of Missouri and for)
Competitive Classification.)

Case No. _____

**APPLICATION FOR A CERTIFICATE OF SERVICE AUTHORITY TO PROVIDE
INTEREXCHANGE TELECOMMUNICATIONS SERVICES IN MISSOURI AND FOR
COMPETITIVE CLASSIFICATION**

COMES NOW Buzz Telecom, Corporation (hereinafter "Buzz Telecom" or "Applicant"),
by its undersigned counsel, and hereby submits this Application pursuant to Sections 392.361,
.410, .420, .430 and .440, RSMo 2000 and 4 CSR 240-2.060, for authority to provide
interexchange telecommunications services in Missouri, for classification of Applicant and its
services as competitive, for waiver of certain statutes and rules and for approval of its initial
tariff.

In support of its Application, Buzz Telecom states the following:

1. Applicant is a corporation duly organized and existing under and by virtue of the
laws of the State of Nevada. Applicant has proper authorization from the Missouri Secretary of
State to conduct business in Missouri as a foreign corporation. A copy of this authorization is
attached as Exhibit A.

2. The nature of Applicant's business is the provision of telecommunications
services.

3. Applicant's principal place of business address and telephone number are:

Buzz Telecom, Corporation
8380 Louisiana Street
Merrillville, Indiana 46410
Tel: 219-756-5320

4. All inquiries, correspondence, communications, pleadings, notices, orders and decisions relating to this case should be addressed to:

email: lgreen@ebuzz.bz

6. Applicant proposes to provide long distance telephone services (intrastate interLATA and intrastate intraLATA) to customers and small businesses in Missouri. Applicant's services will be marketed via telemarketing and verified by a third-party verification company. Applicant intends to begin these services as soon as the Certificate of Service Authority and tariff are approved. The services to be provided are the following:

1+ Long Distance
800 Numbers (as available)

Calling Cards
Directory Assistance

Applicant is a switchless long distance carrier with its own license and tariffed products. Applicant does not contract with any carriers to do this for them. Applicant does not offer private line or xDSL service.

An additional description of Applicant's proposed services is contained in the attached Exhibit B and the initial tariff submitted simultaneously herewith.

7. Non-switched services will only be provided between exchanges and will not be offered within a local exchange.

8. Applicant is a telecommunications company with the technical expertise, managerial expertise and financial resources to provide the services it proposes.

9. In accordance with 4 CSR 240-2.060(6)(C), Applicant is simultaneously submitting its proposed PSC Mo. No. 1 tariff with a forty-five day effective date for approval by the Commission. The tariff contains the rules and regulations applicable to its customers, a description of services offered and the rates associated with such services. The Company requests that the Commission approve its tariff simultaneously with the certificate of service authority in this case.

10. Applicant will not unjustly discriminate among its customers as is prohibited under Section 392.200, RSMo.

11. Applicant is a competitive reseller of long distance telecommunications services and thus requests competitive classification pursuant to Section 392.361 RSMo and 4 CSR 240-2.060(6)(A). Applicant believes its proposed services will be subject to sufficient competition to justify a lesser degree of regulation. Further, when granted the certificate requested herein, Applicant will be competing with other telecommunications companies in Missouri offering the same or similar services as Applicant.

12. Applicant is willing to comply with all applicable Commission rules, except those which are specifically waived by the Commission. Consistent with the Commission's treatment of other certified competitive interexchange telecommunications companies, Applicant requests that the following statutes and regulations be waived for Applicant and its interexchange service offerings:

Statutes

392.210.2 – Uniform System of Accounts
392.2401.1 – Just & reasonable rates
392.270 – Ascertain property values
392.280 – Depreciation accounts
392.290 – Issuance of securities
392.300.2 – Acquisition of stock
392.310 – Issuance of stock and debt
392.320 – Stock dividend payment
392.330 – Issuance of securities, debts & notes
392.340 – Reorganizations

Rules

4 CSR 240-10.020 – Depreciation fund income
4 CSR 240-30.010(2)(C) – Rate schedules should be posted at central office
4 CSR 240-30.040 – Uniform system of accounts
4 CSR 240-33.030 – Inform customers of lowest price

13. Applicant submits that the public interest will be served by Commission approval of this Application because Applicant's proposed services will create competition, enhance customer service options and offer service options consistent with the legislative goals set forth in the federal Telecommunications Act of 1996 and Chapter 392 RSMo. Specifically, Applicant will offer discounted high-quality long distance telephone service to the citizens of Missouri. Prompt approval of this application also will expand the availability of innovative, high quality and reliable telecommunications services within the State of Missouri.

14. The Applicant will not resell its services to other telecommunications companies.

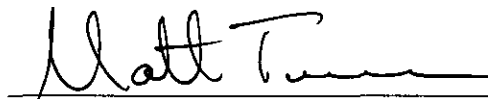

15. Applicant is not aware of any pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates, which action, judgment or decision has occurred within three (3) years of the date of this application.

16. No annual reports or assessment fees are overdue from Applicant.

WHEREFORE, Applicant, Buzz Telecom, Corporation, respectfully requests that the Commission issue its Order (1) granting Applicant a certificate of service authority to provide interexchange telecommunications services as requested herein; (2) classifying the Applicant and its proposed services as competitive; (3) granting Applicant waivers of statutes and regulations as requested herein; and (4) approving its separately submitted PSC Mo. No. 1 tariff.

Respectfully submitted,

ARMSTRONG TEASDALE LLP

Buzz Telecom, Corporation
Our Objective to the Consumer

Buzz Telecom, Corporation provides the consumers of Missouri an offer they cannot refuse! We offer "The Supersaver" that may save consumers 25 to 50 percent on their long distance calls. "The Supersaver" will lower their state-to-state rates down to 5.9 cents per minute, 24 hours a day, 7 days per week. "The Supersaver" is guaranteed to be one of the lowest rates in the telecommunications industry, especially compared to the 10 to 15 cents per minute they might be paying now. Also, instead of paying almost \$10.00 for their monthly service fee like many people in the country, "The Supersaver" is only \$4.90 a month. We also have a "Supersaver Plan for Seniors that we offer.

Consumers will only have one phone bill to deal with because Buzz Telecom, Corp. simply adds the service charges directly on their local telephone bill. This simple provides less hassle for the consumer.

For the consumers benefit, Buzz Telecom, Corp. works with a third party verification company to ensure the consumers are receiving exactly what they ask for and making sure they are not receiving something they did not ask for.

All of our sales representatives are thoroughly trained and ready to assist all consumers with any question or concerns they may have.

Buzz Telecom also has a customer service department to address all inquiries. Our company simply wants to serve the public with the best long distance services around.
