In the Matter of Empire District Electric )  
Company's 2010 Utility Resource Filing )  
Pursuant to CSR 240-22 )

**File No. EO-2011-0066**

## ORDER GRANTING INTERVENTION

Issue Date: September 23, 2010

Effective Date: September 23, 2010

Dogwood Energy, L.L.C., Praxair, Inc. and the Missouri Department of Natural Resources filed timely applications to intervene. The Missouri Joint Municipal Electric Utility Commission ("MJMEUC") filed its request to intervene one day out of time. The requests to intervene establish that each entity has an interest in this case that is different from that of the general public and that it would serve the public interest to allow intervention. MJMEUC established good cause for filing its application one day out of time.

The procedural conference, scheduled for September 27, 2010, is rapidly approaching and the prospective intervenors will need to know their status prior to convening that conference. No objections to the intervention requests have been filed, and the Commission finds the public interest will be served by granting the requests. Consequently, the Commission will grant the intervention requests

### IT IS ORDERED THAT:

1. The applications to intervene are granted.

2. This order shall become effective immediately upon issuance.
