OF THE STATE OF MISSOURI

Application of Kansas City Power & Light)	
Company for an Extension of Time to Comply)	
with the Provision of its Regulatory Plan)	<u>Case No. EO-2006-0281</u>
Stipulation and Agreement Concerning Wind)	
Measuring Equipment in Missouri)	

NOTICE CLOSING CASE

Issue Date: April 11, 2008

Kansas City Power & Light Company filed on March 28, 2008, its final status report analyzing 18 months of wind study data from the Tall Towers Investigations of Missouri Winds. In its report, KCPL indicates that it will continue to work with the University of Missouri and the Missouri Department of Natural Resources to extend their support of the project through June 30, 2008, allowing the Project to compile a full two years of data.

No party has filed a response to KCPL's report. Although KCPL may file in this docket any additional information it gathers from the study, there remains no Commission action in this matter at this time. This case may therefore be closed.
