Subject: Annual Report Deficiency for AT&T Long Distance (BMAR-2022-1614)

Justen,

This email is a deficiency notice for your annual report. Your annual report is considered deficient until the following issue(s) are addressed:

- The company name on your annual report fails to exactly match the company name maintained within Missouri PSC records. In this instance the parent company name appears to have been only placed on the annual report. The full name of the company maintained in Missouri PSC records is SBC Long Distance LLC d/b/a AT&T Long Distance so please submit an amended annual report using either the full legal name or simply the d/b/a name. Alternatively, if you have failed to notify the Missouri PSC of a name change you should explain in a response filed with your annual report as well as simultaneously make a filing pursuant to Missouri PSC rule 20 CSR 4240-28.030.

Please resubmit your revised annual report in its entirety if your annual report needs to be revised to correct the deficiency. Any revised annual report/response must be filed within the Missouri Commission's Electronic Filing and Information System (EFIS) using the identification number(s) in the subject of this email.

This deficiency must be resolved within the next 20 days. Failure to respond and adequately resolve the deficiency by this deadline may result in punitive action against the company.
