**ORDER APPROVING TARIFF SHEET**

Issue Date: February 6, 2007

Effective Date: February 12, 2007

On January 16, 2007, Kansas City Power & Light Company filed a Low-Income Affordable New Homes tariff pursuant to its Regulatory Plan in Case No. EO-2005-0329. The tariff bears an effective date of February 12, 2007. On January 18, 2007, the Commission issued notice of the tariff filing to all parties to EO-2005-0329, set deadlines for intervention requests and responses, and set filing dates for the Commission Staff's recommendation and any responses thereto. On January 31, 2007, the Staff filed its recommendation. No party applied to intervene, and no responses to Staff's recommendation were filed.

Staff states that the tariff complies with the Stipulation and Agreement approved by the Commission in EO-2005-0329. Staff relates that the tariff would initiate a new voluntary five-year program designed to provide incentives to builders of new homes for low-income customers for the installation of Energy Star® rated lighting fixtures and refrigerators, high-efficiency central cooling equipment, and increased R-factor insulation in the home's attic, floor, and crawlspace. Staff notes that the five-year budget for the program is \$295,500 (Missouri and Kansas), of which \$270,000 is targeted for program

incentives. Staff further notes KCPL's estimate that almost 84 percent of the budgeted amounts will be used in Missouri. Staff recommends that the Commission approve the tariff sheet.

The Commission has reviewed the Staff's Recommendation to Approve Tariff Sheet, which is hereby admitted into evidence. The Commission finds that the tariff complies with the Stipulation and Agreement approved in Case No. EO-2005-0329, and will approve the tariff.

**IT IS ORDERED THAT:**
