Issue Date: June 6, 2013

Effective Date: June 6, 2013

On June 6, 2013¹, Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”) asked the Commission to grant it a variance from the Commission’s Utility Promotional Practices Rule, 4 CSR 240-14. Ameren Missouri asks the Commission to allow it to offer the developer of a subdivision the installation of underground electric facilities at no cost to those developers.

Ameren Missouri states that unless it receives such a variance no later than June 30, it believes those developers will instead choose to be served by Three Rivers Electric Cooperative (“Three Rivers”). Thus, Ameren Missouri asks for expedited treatment and a ruling no later than June 30.

The Commission will give notice of the application to Three Rivers and will order a Staff Recommendation.

¹ Calendar references are to 2013.

THE COMMISSION ORDERS THAT:

1. The Commission's Data Center shall mail a copy of this order to Three Rivers Electric Cooperative.
2. The Staff of the Commission shall file a Recommendation or, in the alternative, a Status Report stating when it plans to file its Recommendation, no later than June 17, 2013.
3. This order shall become effective immediately upon issuance.
