

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Kansas City Power & Light Company's)	
Practices Regarding Customer Opt-Out of)	Case No. EO-2013-0359
Demand-Side Management Programs and Related Issues)	

**APPLICATION TO INTERVENE OUT OF TIME OF
THE MISSOURI INDUSTRIAL ENERGY CONSUMERS**

1. Comes now the Missouri Industrial Energy Consumers or "MIEC" and, pursuant to 4 C.S.R. 240-2.075 and the Commission's February 19, 2013, *Order Setting Dates for Filings and Directing Notice* and pursuant to subsection 10, files its application to intervene out of time. For its application, the MIEC states as follows:

2. The MIEC is a Missouri corporation, and the members of the MIEC are large industrial customers of Kansas City Power & Light Company ("KCPL")..

3. As large industrial customers of KCPL, the interests of the MIEC and each of its members are different than that of the general public and may be adversely affected by a final order arising from this case.

4. The MIEC and its members are reviewing KCPL's filing in this case and reserve the right to take positions on specific issues as this case proceeds.

5. Good cause exists to grant the MIEC's application. It was unclear to the MIEC whether intervention was required as the MIEC was on the initial service list in this case. Out of abundance of caution, the MIEC submits its application to intervene. Intervention by the MIEC and its members will serve the public interest by assisting the Commission's record for decision in this case.

WHEREFORE, the MIEC requests that it be permitted to intervene and be made a party to this case for all purposes.

Respectfully submitted,

BRYAN CAVE, LLP
