Dear Ms. Dale:

Enclosed please find tariff sheets filed by Atmos Energy Corporation ("Atmos" or "Company") in accordance with the Commission's Report and Order ("Order") issued on February 22, 2007, and effective March 4, 2007, in Case No. GR-2006-0387, to effectuate its Energy Conservation and Efficiency Program. The tariff sheets reflect an Issued Date of June 28, 2007, and an Effective Date of August 31, 2007.<sup>1</sup>

P.S.C. MO. No. 2:

Original Sheet No. 112.1

1<sup>st</sup> Revised Sheet No. 115, Cancelling Original Sheet No. 115

Original Sheet 117

Original Sheet 118

Concurrent with the filing of these tariff sheets, I also am filing the enclosed "FILING MEMORANDUM Regarding Energy Conservation and Efficiency Program" in Case No. GR-2006-0387, providing an overview of the Program and specifically addressing the Collaborative Process, Program Specifics, Reporting, and Program Year.

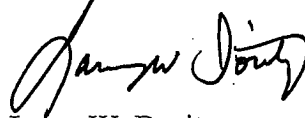

---

<sup>1</sup> Ordered Paragraph 7: "If Atmos Energy Corporation files tariffs that include a fixed delivery charge rate design, it shall also set up an energy efficiency and conservation program as outlined in the body of this order to be implemented no later than August 31, 2007, and shall present a program to the Commission for consideration no later than June 30, 2007." (Order, page 48).

As reflected in previous monthly status reports filed in Case No. GR-2006-0387, representatives of Atmos, the Commission Staff, the Office of the Public Counsel and the Missouri Department of Natural Resources – Energy Center have actively participated in the collaborative process. Undersigned counsel is authorized to state that the attached tariff sheets and Filing Memorandum are the work product of that collaborative process.

Please contact me if you have any questions regarding the enclosed filing. Thank you.

Sincerely,
