Issue Date: December 14, 2009

On August 5,<sup>1</sup> KCP&L Greater Missouri Operations Company (“GMO”) filed its 2009 Integrated Resource Planning Filing (“IRP”), which is required by the Commission’s Integrated Resource Planning rule, i.e., 4 CSR 240-22. Pursuant to 4 CSR 240-22.080(5) and (6), the Commission’s Staff had to file a report, and Public Counsel, and any other intervenor could file a report or comments within 120 days of KCPL’s IRP filing, i.e., December 3. The initial deadline for reports and comments was extended until December 10.<sup>2</sup>

On December 10, the Missouri Department of Natural Resources, Dogwood Energy, L.L.C., Public Counsel, and the Commission’s Staff all filed reports alleging certain deficiencies with KCPL’s IRP. Commission Rule 4 CSR 240-22.080(8) provides that the parties are now allowed 45 days to work with the utility, and each other, to prepare and submit a joint agreement on a plan to remedy the identified deficiencies. If an agreement cannot be reached, 4 CSR 240-22.080(9) provides that the utility and the other parties are allowed until the 60th day after the filing of comments to file a response to the alleged deficiencies. Because the reports and comments were filed on December 10, the deadline
