DOGWOOD ENERGY, LLC'S APPLICATION TO INTERVENE

COMES NOW DOGWOOD ENERGY, LLC ("Dogwood") and respectfully submits its Application to Intervene in this proceeding pursuant to 4 CSR 240-2.075. In support of its Application, Dogwood states as follows:

1. Dogwood is a limited liability company organized and existing under the laws of the State of Delaware and authorized to conduct business in the State of Missouri.

2. All communications and pleadings in this case should be directed to:

3. On April 4, 2007, Great Plains Energy Incorporated, Kansas City Power & Light Company, and Aquila, Inc., filed a joint application with the Missouri Public Service Commission. The applicants requested authority for a series of transactions whereby Aquila will become a direct, wholly owned subsidiary of Great Plains Energy. The Commission set April 30, 2007 as the deadline for filing applications to intervene.

4. Dogwood owns a 600 MW combined cycle generating facility located within Aquila's MPS service territory and is a potential provider of capacity and energy to Aquila. Dogwood desires to participate in this proceeding to ensure that the Commission will have available as many relevant facts as possible while addressing and determining the issues presented. At this time Dogwood takes no position on the proposed transactions. Dogwood's interests cannot be represented adequately by any other party.

5. Granting Dogwood's Application to Intervene will also be in the public interest because Dogwood will bring to this proceeding its expertise in the areas being investigated and its experience as a wholesale electric power provider. Dogwood's rights may be adversely affected by the decisions reached in this case.

WHEREFORE, Dogwood respectfully requests that the Commission grant this Application to Intervene together with any further and/or additional relief the Commission deems just and proper.

Respectfully submitted,

CURTIS, HEINZ,
GARRETT & O'KEEFE, P.C.
