**JOINT APPLICATION**

COMES NOW, Union Electric Company d/b/a AmerenUE ("Company"), a Missouri corporation, and Gascosage Electric Cooperative, Inc. ("Cooperative"), hereinafter referred to collectively as "Applicants," and for their Joint Application to the Missouri Public Service Commission ("Commission"), for an order: (1) approving a change in the electric supplier for approximately 1200 structures in and around the Cities of Brumley and Ulman from Company to Cooperative pursuant to Section 393.106 RSMo. (2000); (2) authorizing the sale, transfer, and assignment of certain substations and electric distribution facilities (hereinafter, collectively referred to as "the Assets"), easements, and other rights generally constituting Company's electric utility business associated with said structures pursuant to Section 393.190 RSMo. (2000); and (3) approving Applicants' First Amendment to the existing Territorial Agreement

that was approved by the Commission by Report and Order in Case No. EO-98-279 (the "First Amendment") pursuant to Sections 394.312 RSMo. (2000), state as follows:

1.     **The Applicants** -- Company is a corporation organized and existing under the laws of the State of Missouri, in good standing in all respects, with its principal office and place of business located at One Ameren Plaza, 1901 Chouteau Avenue, St. Louis, Missouri 63103. Company is an electrical corporation subject to the jurisdiction of the Commission and engaged in the sale and distribution of electricity in portions of Missouri, including Camden and Miller Counties.

Cooperative is a corporation organized and existing under the laws of the state of Missouri and has its principal office at Highway 28, Dixon, Missouri 65459. It is a Chapter 394 rural electric cooperative corporation engaged in the distribution of electric energy and service to its members within Camden, Miller, Maries, Phelps, and Pulaski Counties, in Missouri.

3.     **Transfer of Structures from Company to Cooperative** -- Company currently supplies retail electric energy through permanent facilities to the structures that are owned or occupied by the customers listed in **Exhibit A of Exhibit 1**, incorporated by reference and made a part hereof for all purposes. Specifically, Applicants are requesting to transfer from Company to Cooperative approximately 1200 structures in and around the Cities of Brumley and Ulman, and their related electric service accounts. Applicants seek an order from the Commission approving a change in supplier as to these structures from Company to Cooperative pursuant to 393.106 RSMo. (2000).

4.     **Contract to Transfer Company Facilities** -- Subject to the terms and conditions of a Contract for Purchase and Sale of Distribution Facilities between Company and Cooperative (the "Contract"), attached hereto as **Exhibit 1**, which is incorporated by reference and made a part hereof for all purposes, Company will sell, convey, and assign to Cooperative, and Cooperative will purchase from Company, the Assets (subject to the certain exclusions set forth in **Exhibit C of Exhibit 1**, which is incorporated by reference and made a part hereof for all purposes,), easements, and other rights, all as are more particularly described in the Contract, that generally constitute Company's entire works and system, necessary or useful in the performance of Company's duties to provide retail electric service to the approximately 1200 structures in and around the Cities of Brumley and Ulman, which are owned or occupied by the customers listed in **Exhibit A of Exhibit 1**. Pursuant to 393.312 RSMo. (2000), Company seeks an order from the Commission authorizing the sale, transfer, and assignment of certain Assets, easements, and other rights generally constituting Company's electric utility business associated with said

structures from Company to Cooperative in accordance with the terms and conditions of the Contract.

5.     **The Territorial Agreement** -- Subject to the terms and conditions of a territorial agreement, which was approved by the Commission by Report and Order in Case No. EO-98-279 and which became effective on June 23, 1998 (the "Territorial Agreement"), Applicants have specifically designated electric service area boundaries for service of new structures in Camden, Miller, Maries, Phelps, and Pulaski Counties. Now, to facilitate the above transactions, the Applicants desire to modify the designated boundaries of the electric service area of each Applicant in Camden and Miller Counties. To this end, the Applicants have entered into the First Amendment, which is attached to this Application as **Exhibit 2** and is incorporated by reference into this Application and made a part hereof for all purposes.

Metes and bounds descriptions of the amended electric service areas of Applicants and maps depicting those amended service areas are part of the Exhibits to the First Amendment and are incorporated by reference into this Application and made a part hereof for all purposes.

The First Amendment only establishes amended electric service territories for the Applicants in Camden and Miller Counties; it does not affect, in any way, the rights of or the service area of any other electric service provider.

6.     **Resolutions of Boards of Directors** -- A certified copy of the resolution of the Board of Directors of Cooperative authorizing the consummation of the transaction contemplated by this Joint Application is also attached hereto as **Exhibit 3**, and is incorporated by reference and made a part hereof for all purposes. A certified copy of the resolution of the Board of Directors of Company authorizing the consummation of the transaction contemplated by this

Joint Application is attached hereto as **Exhibit 3**, and is incorporated by reference and made a part hereof for all purposes.

7. **Articles of Incorporation** -- There is already on file with the Commission a certified copy of (1) the Company's Restated Articles of Incorporation (see Commission Case No. EO-96-431) and (2) the registration of the fictitious name, AmerenUE, with the Secretary of State (see Commission Case No. EO-99-267). Said documents are incorporated by reference and made a part hereof for all purposes. There is already on file with the Commission a certified copy of the Cooperative's Articles of Incorporation (see Commission Case No. EO-98-279) and said articles are incorporated by reference and made a part hereof for all purposes.

8. **Tax Impact Statement** -- A statement filed pursuant to Section 393.190 RSMo. showing the impact of the sale on the tax revenues of the political subdivisions in which any of the facilities transferred from Company to Cooperative are located is attached as **Exhibit 4**, which is incorporated by reference and made a part hereof for all purposes.

9. **Impact of Sale on Company** -- Company has analyzed this transaction using its EVA EVALUATE program, version 2000.02. The results of the EVA EVALUATE show a positive benefit to Company during the first five (5) years after the transfer of the facilities and customers without crediting any benefit attributable to generation savings, which is Company's internal acceptance criteria for entering into a transaction of this type. An inventory of the assets transferred to Cooperative, in accordance with the terms of the Contract, is attached as **Exhibit B of Exhibit 1**.

10. **Right to Serve** -- Company presently has a Certificate of Convenience and Necessity to serve its customers in and around the cities of Brumley and Ulman. Presently, Cooperative's ability to serve new structures in said area is prohibited by the Territorial

Agreement. Therefore, the Applicants have entered into the First Amendment, which effectively modifies the Territorial Agreement to permit the Cooperative to serve new structures in said area. Since all structures to be transferred from Company to Cooperative pursuant to the Contract lie within the electric service area of Cooperative as designated in the First Amendment, Cooperative will have the authority to serve both the approximately 1200 structures the Applicant proposes to transfer and any new structures upon Commission approval of the First Amendment.

11. **Illustrative Tariffs** -- Illustrative tariffs pursuant to 4 CSR 240-2.060(10)(G) are attached hereto as **Exhibit 5**, which are made a part hereof for all purposes. The illustrative tariff for Miller County includes a note that reflects Company's right to serve customers pursuant to the terms of the existing Territorial Agreement, as amended by the First Amendment. The illustrative tariff for Camden County reflects the fact that Company's rights and obligations to serve structures in Section 20 in Township 38N and Range 14W is limited by the First Amendment. This is the only section in Camden County so impacted.

Because the Company has a Certificate of Public Convenience and Necessity for the entire area it proposes to serve after Commission approval of the First Amendment, it is not requesting any additions to said Certificate.

12. **Other Electric Suppliers** -- The following is a list of other Rural Electric Cooperatives that serve in the territory covered by the First Amendment:

Laclede Electric Cooperative

Three Rivers Electric Cooperative

In addition, there are no cities that operate municipal electric supply systems within the area covered by the First Amendment.

13.     **The Transfer of Structures and Assets from Company to Cooperative is in the Public Interest** -- Applicants believe that it is in the public interest to transfer the structures that are owned or occupied by the customers listed in **Exhibit A of Exhibit 1** and their associated electric service facilities and accounts from Company to Cooperative at this time, because the transfer (i) would improve electric service reliability, (ii) responds to the previous customers' requests for improved service, (iii) permits Company to prudently employ its capital resources, and (iv) continues to prevent duplication of facilities.

The transfer of customers and their related electrical distribution facilities would improve the reliability of electric service. Presently, the Company serves many of the approximately 1200 structures in Camden and Miller Counties it proposes to transfer to Cooperative from its Brumley substation. A radial 34.5 kV subtransmission line that is built along public road right-of-way feeds the Brumley Substation. This line continues on to serve the Equiline pumping station in Pulaski County. The pump station and the Brumley Substation have a total of 21.3 miles of exposure on the radial 34.5 kV line. After the transfer of customers and assets, Cooperative will connect the transferred facilities into the transmission grid of Sho-Me Power Cooperative, its transmission cooperative. Sho-Me Power plans to build a 69kV transmission line from its existing Montreal substation to Brumley. Plans call for this line to be built using steel pole construction on a private right-of-way that will be 100 feet wide. In addition, the Equiline pump station will be connected to Sho-Me Power's existing 69 kV grid that is within 1 mile of the load.

There are also customers in Miller County (those in and around Ulman and along Highway C) that are presently served by Company by a long single-phase line. After the transfer, the Cooperative plans to build a three-phase distribution line north from Brumley through Ulman

to Highway 17 to provide better voltage conditions and reliability in this area and to supply future three-phase loads. The existing 34.5 kV line will be utilized as a three-phase 12.47 kV feeder to serve customers southeast of the Brumley substation. A single-phase line presently serves this area. The three-phase line will improve voltage conditions and reliability in the area. Future plans of Sho-Me Power Cooperative call for the Brumley Substation and Sho-Me Power's existing Iberia Substation to be "looped," thus providing service to this transferred area from different sources. "Looping" means that even if one supply source were lost, the customers in the affected area would not experience an outage since they could still receive power from the other source. This advantage also extends to Gascosage's existing members because without the revenue from the transferred customers, Gascosage and Sho-Me could not afford to make these system improvements.

In the past, Company has received complaints from customers in the Brumley/Ulman area complaining about the quality of electric service. Copies of these complaints are attached as **Exhibit 6**, which is incorporated by reference and made a part hereof for all purposes. Many of these complaints concerned the need to upgrade certain poles along Highway C. While Company has replaced some of the poles in question, after the transfer, Gascosage Electric Cooperative plans to replace approximately 700 poles that have deteriorated over time. It also should be noted that some of these complaints inquire about transferring service from Company to Cooperative.

The transfer would also allow the Company to efficiently employ its capital. The Brumley/Ulman area is located in the Company's Lakeside District, which includes both rural and urban areas. The Brumley/Ulman area is rural in nature and it is located at the outer reaches of the Company's service area. Because of geography and the location of the company's existing

facilities, the cost to build redundant power feeds in this area is prohibitive. Capital spending of this nature also cannot satisfy internal Company criteria given the low customer density in the area. Therefore, the transfer permits the Company to employ its capital in the other areas to greater effect.

Cooperative will provide quick response to any service problems experienced by customers through the trouble response personnel who live in or near the customer's area. Additional linemen will be added to the workforce to accommodate the needs of new customers who will be served. Local offices will be available to conduct business transactions and customer outage calls will be answered locally.

The First Amendment is required because it updates the electric service territories for new structures for the Applicants to permit the Cooperative to serve new structures in the Brumley/Ulman area. All structures to be transferred from Company to Cooperative under the Contract are located within the electric service area of the Cooperative in accordance with the First Amendment. Company cannot serve new customers in this area after its approval. One of the advantages of the Territorial Agreement was that it prevented any duplication of facilities in the affected areas. This advantage is preserved by the First Amendment. There is no duplication of facilities in the Brumley/Ulman area at this time. Since the Cooperative plans to use facilities received from Company to serve both the transferred customers and new members, the advantage of preventing duplication of facilities is preserved by the First Amendment.

Because Cooperative has extensive facilities in the surrounding area, the transfer of the facilities from Company to Cooperative is extremely simple and the customer will experience only a minimal disruption and inconvenience. The customers' meters will be final read by the Company and existing meters will be changed to ones owned by the Cooperative. No

action on the customers' part will be required and the customers do not even need to be present. Only a momentary outage will occur to the customer while meters are being changed. After the transfer, Cooperative will be able to provide electric service to all of the affected customers more efficiently and, in some cases, more reliably than Company can with its existing facilities.

14. **Other Findings and Orders Required by the Commission** -- Each Applicant will still have occasion to construct, operate and maintain facilities in the electric service territory of the other as described in the Territorial Agreement as modified by the First Amendment. Each Applicant will continue to have service responsibilities beyond the boundaries of the First Amendment, unaffected by the terms of the First Amendment. As stated in the Territorial Agreement, each Applicant will have the right to serve existing customers within the electric service area of the other for the indefinite future. In general, Applicants will need the authority to construct, operate and maintain facilities through the electric service area of the other. In particular, Company requires a finding of the Commission that the First Amendment to the existing Territorial Agreement will not impair the Company's certificates of public convenience and necessity, except as specifically limited by the First Amendment.

15. **Customer Notification** -- A list of all customers of Company whose utility service would be transferred to Cooperative is listed on **Exhibit A of Exhibit 1**. These customers were notified of this proposed transfer from Company to Cooperative on or about September 14, 2001. Enclosed with the notification letter was a rate comparison and a brochure explaining the proposed exchange and providing information about the Cooperative. The notification letter invited affected customers to meet representatives of the Applicants on October 20, 2001 from 11:00 AM to 3:00 PM at the public school in Iberia. The Commission Staff and Office of the Public Counsel received invitations to attend the informational meeting. **Exhibit 7**

is a copy of a typical customer notification letter, its attachments, and letters informing the Commission Staff and Office of the Public Counsel of the informational meetings.

16. **Judgments, Actions and Fees** -- Company has no final unsatisfied judgments or decisions against it from any state or federal agency or court that involve customer service or rates, which judgments or decisions have occurred within three (3) years of the date of this Joint Application. By the nature of its business, Company has, from time-to-time, pending actions in state and federal agencies and courts involving customer service or rates. Company has no annual report or assessment fees that are overdue to this Commission.

Cooperative also has no final unsatisfied judgments or decisions against it from any state or federal agency or court that involve customer service or rates, which judgments or decisions have occurred within three (3) years of the date of this Joint Application. Further, Cooperative has no actions in state and federal agencies and courts involving customer service or rates. Cooperative has no annual report or assessment fees that are overdue to this Commission.

17. **Application Fee** -- The Commission's fee required by 4 CSR 240-21.010 is submitted herewith.

**WHEREFORE**, Company and Cooperative respectfully request that the Commission issue an order:

(1) authorizing Company to sell, transfer, and assign to Cooperative the Assets, as more particularly described in the Contract, which is attached as **Exhibit 1** hereto;

(2) finding a change in electric supplier for approximately 1200 structures in and around the Cities of Brumley and Ulman for reasons other than rate differential is in the public interest and approving such change;

(3) finding that the designated electric service areas of the Applicants as set forth in the First Amendment, which is attached as **Exhibit 2** hereto, are not detrimental to the public interest, and approving the First Amendment;

(4) finding that the First Amendment shall not impair the Company's certificates of public convenience and necessity, except as specifically limited by the First Amendment;

(5) approving Company's change to its tariffs as illustrated in **Exhibit 5**;

(6) authorizing Company to perform in accordance with the terms of the First Amendment Contract, and to enter into and execute all other documents reasonably necessary and incidental to the performance of the transactions which are the subject of the Contract, the First Amendment, and this Joint Application; and

(7) granting such other relief as deemed necessary to accomplish the purposes of this Joint Application and to consummate the sale, transfer, and assignment of the Assets and related transactions.

Respectfully submitted,

THIS AGREEMENT ("Agreement"), made and entered into the **9th** day of October, 2001, by and between UNION ELECTRIC COMPANY d/b/a/ AmerenUE, a Missouri corporation, (hereinafter referred to as "Seller") and GASCOSAGE ELECTRIC COOPERATIVE, a Missouri corporation, (hereinafter referred to as "Buyer").

**RECITALS**

- A. Seller and Buyer are authorized by law to provide electric service within the State of Missouri, including all or portions of Camden, Miller, Maries, Pulaski, and Phelps Counties.
- B. Seller and Buyer entered into a territorial agreement for the exclusive service areas in all or portions of Camden, Miller, Maries, Pulaski, and Phelps Counties (the "Territorial Agreement"). The Territorial Agreement has been approved by the Missouri Public Service Commission ("Commission") by Report and Order in Case No. EO-98-279, which became effective on June 23, 1998.
- C. Seller and Buyer entered into an amendment dated July 17, 2001, to the Territorial Agreement for the exclusive service areas in Miller County and a small portion of Camden County (the "First Amendment"). The First Amendment alters the "Exclusive Service Areas" of Buyer and Seller by permitting the Buyer to serve the structures transferred hereunder. For this Agreement to become effective, the Commission must approve the First Amendment.
- D. Seller now serves certain customers, which are identified in **Exhibit A** attached hereto, that are located in Buyer's "Exclusive Service Area" as set out in the First Amendment, and the parties agree that these customers would be more reliably served by Buyer and thus benefit public interest.

- E. Seller presently owns and operates the Brumley and Keethtown Substations (hereinafter referred to as the "Substations"), certain 34.5 and 12 kV distribution facilities and related secondary and service facilities (hereinafter referred to as the "Facilities"), which are more particularly described in **Exhibit B** attached hereto.
- F. The Facilities are situated upon right-of-way and easements through grant (hereinafter, referred to as "Easements").
- G. Except for those Facilities expressly excluded on **Exhibit C** attached hereto, Seller desires to sell and to transfer the Substations and the Facilities (hereinafter, collectively referred to as the "Assets") and to assign, to the extent that it may legally and contractually do so, its rights under the Easements related to the Facilities to Buyer, and Buyer desires to purchase and accept same, all pursuant to the terms, conditions and provisions hereof.

This indemnity specifically includes the direct obligation of Buyer to perform any remedial or other activities required, ordered, recommended or requested by any agency, government official or third party, or otherwise necessary to avoid injury or liability to any person, or to prevent the spread of pollution, however it came to be located on the property (hereinafter, the

The foregoing release and indemnity shall apply irrespective of whether said loss, damage, personal injury, or death **WAS ALLEGEDLY CAUSED BY THE ASSETS OR THE NEGLIGENCE OF SELLER OR ITS EMPLOYEES.** For purposes of the foregoing indemnification, neither party hereto shall be deemed the agent of the other party.

C. **Indemnity and Release – Prior to Closing.** The parties desire to permit Buyer to have access to the Assets prior to closing to aid in the transfer of the Assets. The parties also agree that Buyer shall assume the risks of loss and liability with respect to the Assets due to Buyer's access and use of the Assets prior to closing. Accordingly:

1. Seller hereby gives Buyer permission to access and use the Assets as required to assist Buyer in planning and implementing the transfer of the Assets contemplated by this Agreement.
2. Buyer hereby agrees to reimburse Seller for any and all repair or replacement costs incurred by Seller due to the loss of or damage to any of the Assets arising out of or related to Buyer's access and use prior to closing.

third party; or damage to the property of Seller, property of Buyer or property of any third party arising out of or related to Buyer's access or use of the Assets prior to closing. The foregoing release and indemnity shall apply irrespective of whether said loss, damage, personal injury, or death **WAS ALLEGEDLY CAUSED BY THE ASSETS OR THE NEGLIGENCE OF SELLER OR ITS EMPLOYEES.** For purposes of the foregoing indemnification, neither party hereto shall be deemed the agent of the other party.

### **RECITALS**

**WHEREAS**, Company and Cooperative have heretofore executed and delivered a certain Territorial Agreement (the "Territorial Agreement") dated as of the 13<sup>th</sup> day of November, 1997, which sets forth the electric service areas of both Company and Cooperative in Camden, Miller, Maries, Phelps, and Pulaski Counties.

**WHEREAS**, The Territorial Agreement was approved by the Missouri Public Service Commission (the "Commission") by Report and Order in Case No. EO-98-279, which became effective on June 23, 1998.

**WHEREAS**, the parties now desire to amend the Territorial Agreement in order to change the electric service areas of both Company and Cooperative in Miller County and a small portion of Camden County.

### **AGREEMENT**

**NOW, THEREFORE**, in consideration of the premises set forth above and the mutual covenants and agreements set forth herein, Company and Cooperative agree as follows:

1. Exhibit 1 to the Territorial Agreement is deleted in its entirety and replaced by the Exhibit 1 that is attached to this First Amendment.

2. Exhibit 2A to the Territorial Agreement is deleted in its entirety and replaced by the Exhibit 2A that is attached to this First Amendment.
3. Exhibit 2B to the Territorial Agreement is deleted in its entirety and replaced by the Exhibit 2B that is attached to this First Amendment.
4. Exhibit 3 to the Territorial Agreement is deleted in its entirety and replaced by the Exhibit 3 that is attached to this First Amendment.
5. Paragraph 3 of the Territorial Agreement is deleted in its entirety and replaced with the following:

“3. Territorial Agreement with the Commission and one year after the Effective Date of said amendment, if a customer requests new electric service for a New Structure located in the New Electric Service Area, the parties will meet and determine the party to serve the New Structure. In the event the Cooperative cannot serve the Structure, the New Structure shall be served by Company. As used in this section, the term "Effective Date" shall be defined as the effective date of the order issued by the Commission pursuant to RSMo. Section 394.312, approving the First Amendment to this Agreement and the term "New Electric Service Area" shall be defined as that area in Camden and Miller Counties outside the electric service area of the Cooperative, as described in the original Territorial Agreement, which is now included in the electric service area of the Cooperative, as described in the First Amendment to the Territorial Agreement."

8. This First Amendment shall become effective upon approval by the Commission pursuant to RSMo. Section 394.312. Performance of the parties is contingent upon all of the following conditions precedent having occurred no later than December 31, 2001. (This date can be extended by written agreement of the parties.):

- (a) all required approvals of the Cooperative's Board of Directors; and
- (b) approval of the transaction by the Commission, including but not limited to, a finding that this Agreement, in total, is not detrimental to the public interest and that the First Amendment shall not impair the Company's certificates of convenience and necessity in any other respect within Camden and Miller Counties.

If the above conditions precedent have not been satisfied by the date set by the parties, this First Amendment shall be null and void *ab initio*.

9. This First Amendment may be terminated at any time by mutual consent of Company and Cooperative. The termination of this Agreement shall be effective on the date the Commission receives a notice, signed by both Company and Cooperative, of their

decision to terminate this First Amendment. If the transactions contemplated by this first Amendment are terminated as provided herein, (i) the Territorial Agreement, as approved by the Commission by Report and Order in Case No. EO-98-279, shall remain in effect in accordance with its original terms, (ii) the parties shall be entitled to serve all Structures they are serving on the effective termination date of the First Amendment, (iii) each party shall pay the costs and expenses incurred by it in connection with terminating this First Amendment, and (iv) no party (or its parent corporation, officers, directors, employees, agents, attorneys, representatives, or shareholders) shall be liable to any other party for any costs, expenses, or damages; except as provided herein, neither party shall have any liability or further obligation to the other party to this First Amendment

10. **EXCEPT** to the extent herein amended or modified, the Territorial Agreement is not otherwise amended or modified.
