

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Kansas City Power & Light)
Company's Renewable Energy Standard)
Compliance Plan)

File No. EE-2013-0452

ORDER GRANTING VARIANCE

Issue Date: April 12, 2013

Effective Date: April 12, 2013

On April 11, 2013, Kansas City Power & Light Company ("KCP&L") asked the Commission to grant it a variance from the Commission rule setting the deadline on which Ameren Missouri must file its Renewable Energy Standard ("RES") plan. That rule is Commission Rule 4 CSR 240-20.100(7)(B)1F. And the deadline from that rule is April 15.

KCP&L asks the Commission to extend the date for filing its RES plan to May 28, 2013. KCP&L states that it needs the extra time to ensure a calculation required in the report comports with a recent court opinion, as well as the RES statute and regulations.

Commission Rule 4 CSR 240-2.060(4) permits applications for variances from Commission Rules. Such an application shall set out a "complete justification setting out the good cause for granting the variance."

Based upon KCP&L's pleading, the Commission finds good cause to grant the requested variance.

THE COMMISSION ORDERS THAT:

1. The Application for Variance is granted.

2. Kansas City Power & Light Company shall file its Renewable Energy Standard (RES) Compliance Plan no later than May 28, 2013.

3. This order shall become effective immediately upon issuance.

BY THE COMMISSION

A handwritten signature in cursive script, appearing to read "Joshua Harden".

Joshua Harden
Secretary

Ronald D. Pridgin, Senior Regulatory
Law Judge, by delegation of authority
pursuant to Section 386.240, RSMo 2000.

Dated at Jefferson City, Missouri,
on this 12th day of April, 2013.
