## ORDER DIRECTING NOTICE, ESTABLISHING INTERVENTION DEADLINE AND RESPONSE DEADLINE

Issue Date: November 1, 2011

Effective Date: November 1, 2011

On October 31, 2011, Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company filed a joint application asking the Commission to waive a provision of the Commission's renewable energy standards rule to allow the applicants to delay filing a standard offer contract for the purchase of solar renewable energy credits beyond the November 1 submission date specified in the rule.<sup>1</sup>

Due to the timing of the request, there will not be a reasonable opportunity for any interested party to respond to the application before November 1, 2011, today's date. Therefore, the Commission will not be able to act on the application before the November 1 tariff submission date specified in the regulation. However, the Commission will consider the application expeditiously, while respecting the interests of any parties who may oppose the application. To that end, the Commission will establish a time in which any party wishing to intervene and respond to the application may do so.

---

<sup>1</sup> The specific rule provision the Applicants ask the Commission to waive is 4 CSR 20.100(4)(H)(2). By the terms of the regulation, an electric utility's decision to offer a standard offer contract is optional.

**THE COMMISSION ORDERS THAT:**

1. The Commission's Data Center shall serve a copy of this order upon the parties to Kansas City Power & Light Company's and KCP&L Greater Missouri Operations Company's most recent rate cases; File Numbers ER-2010-0355 and ER-2010-0356.
2. Any party wishing to intervene and respond to the Joint Application of Kansas City Power & Light Company and KCP&L Greater Missouri Operations Company shall do so no later than November 21, 2011.
3. This order shall become effective immediately upon issuance.
